The Pennsylvania Turnpike Commission is holding an open house plans display to convey proposed final engineering plans for improvements to the **northern section** of the Turnpike's Total Reconstruction and Widening project located on I-476 between Berks Road and the Lansdale Interchange. The project corridor (milepost A26-A31) covers Worcester, Upper Gwynedd, Towamencin, and Lower Salford Townships. Representatives of the Turnpike Commission and consultant project team will be available to provide additional project detail and answer questions.

The meeting location is accessible to persons with disabilities. Anyone needing additional information about accommodations, or to request special aids may contact Mimi Doyle at the Turnpike's Eastern Regional Office (610) 239-4117, Monday through Friday, between 8:30 am and 4:30pm by no later than Friday, Oct. 14.
