

SPRING AND FALL YARD WASTE RECYCLING

The 2010 spring newsletter announced dates of April 20th & October 26th for leaf and yard waste curb-side pickup. Many of the haulers operating in Worcester are complying with these dates. However, some companies are establishing different dates due to equipment and manpower limitation. Please contact your private trash hauler to confirm their date for yard waste pick up. If your trash hauler indicates that they are not participating in the recycling program, please inform the Township at 610-584-1410. All trash companies are mandated by DEP and the Township to provide curb side pick up for yard waste twice a year.

If your private hauler's date is not convenient for you, you can drop off yard waste at Barnside Farm Compost Facility at 430 Dieber Road, Schwenksville, Pa. 19473: Contact Walter or Nancy Larkin, 610-287-8880 or nlarkin@mcgaritymoving.com.
