CDL Supervisory Training

The PSATS CDL
Program presents:

"CDL Supervisory
Training"

9 - 11:30 a.m.,
Wednesday,
February 24,
Worcester
Community Hall

All employers with CDL drivers are required to participate in a drug and alcohol testing program and to train persons who have supervisory responsibilities for these CDL employees.

This workshop will meet these training requirements and give attendees a working understanding of what to do if they suspect on-the-job drug or alcohol use.
