

Notice to the Customers of

NORTH PENN WATER AUTHORITY

Annual inspection and flushing of fire hydrants increase public safety by insuring that hydrants will function when necessary. Flushing of hydrants also improves water quality. The Authority will be flushing and inspecting hydrants in the distribution system during the next seven weeks according to the following tentative schedule (schedule may change due to weather or other related conditions):

APRIL 3 through APRIL 19

LANSDALE BOROUGH, HATFIELD BOROUGH, HATFIELD TOWNSHIP, NEW BRITAIN TOWNSHIP AND NEW BRITAIN BOROUGH

APRIL 19 through MAY 15

SKIPPACK TOWNSHIP, WORCESTER TOWNSHIP, LOWER SALFORD TOWNSHIP, FRANCONIA TOWNSHIP, SALFORD TOWNSHIP AND TOWAMENCIN TOWNSHIP

MAY 15 through MAY 21

SOUDERTON BOROUGH, HILLTOWN TOWNSHIP AND EAST ROCKHILL TOWNSHIP

Flushing will be done at night between the hours of 8:00 p.m. and 4:00 a.m. and during the day between the hours of 8:00 a.m. and 3:00 p.m. As a result of this procedure, some customers may notice a minor discoloration in the water and/or lower than normal water pressure.

If discoloration occurs, run the cold water for a few minutes. If the water does not clear up, turn off the water for 10 to 20 minutes and try the procedure again. If a problem persists, customers should contact the Authority office at (215) 855-3617, between the hours of 8:00 a.m. and 5:00 p.m.
