RESOLUTION NO. 88-1

A RESOLUTION

RELEASE AND RELINQUISHING HOLLIS HILLS SUBDIVISION FROM
THE SEWER SERVICE AREA OF WORCESTER TOWNSHIP

At the request of the equitable owners of a certain tract of land located at the intersection of Bustard and Fisher Roads, Worcester Township, Montgomery County, Pennsylvania, it is hereby resolved by the Board of Supervisors of Worcester Township at their regularly scheduled meeting on Tuesday, March 9, 1988, to release and relinquish the proposed 30 lot subdivision on the subject property known as the Hollis Hills Subdivision to the Upper Gwynedd Towamencin Municipal Authority for the purpose of including the Hollis Hills Subdivision in Upper Gwynedd Towamencin Municipal Authority's Act 537 Plan and for the purpose of providing public sewer service to the Hollis Hills Subdivision.

FURTHER RESOLVED, that Worcester Township shall not be responsible for the design, installation or inspection of any sewer lines or related facility with respect to the Hollis Hills Subdivision and that Worcester Township shall not accept dedication of nor assume any responsibility for the operation and/or maintenance of sewer lines and related facilities in the Hollis Hills Subdivision.

RE: HOLLIS HILLS SUBDIVISION
30 RESIDENTIAL UNITS
BUSTARD AND FISHER ROADS
WORCESTER TOWNSHIP, MONTGOMERY COUNTY

Dear Mr. Shallcross:

At the request of the owners of the referenced tract of ground, the Board of Supervisors of Worcester Township at their regularly scheduled meeting on Monday, July 13, 1987, formally resolved to release and relinquish the referenced subdivision to your Authority for the purpose of providing public sewer service. The property is proposed to be developed as 30 residential lots in accordance with the controlling zoning regulations of Worcester Township.

It is to be clearly understood that Worcester Township will not be responsible for the design, installation, or inspection of any lines, pump station or other apparatus associated with providing sewer service to this tract. Further, Worcester Township will not accept dedication of, nor assume any responsibility for the future operation and maintenance of the sewer lines and related facilities, and the release and relinquishment of this area to allow for service by your Authority is made with that clear understanding.

I trust that the foregoing is adequate for your purposes. Please contact the undersigned if you require further clarification.

Very truly yours,

George R. Lewis
Secretary

RE: Hollis Hills Subdivision
30 Residential Units
Bustard and Fisher Roads

Dear Mr. Lewis:

Enclosed please find a Resolution which I have prepared in accordance with our discussions concerning the release of the Hollis Hills Subdivision sewer area to Upper Gwynedd Towamencin Municipal Authority. You will recall that DER asked for a more formal resolution than that which was contained in your July 20, 1987 correspondence. I am enclosing a copy of that correspondence for your review.

Please put this matter on your agenda for March 9, 1987. As I indicated to you earlier, time is of the essence and we sincerely appreciate your attention to this matter. I am forwarding a copy of this proposed Resolution to Phil Detwiler for his review.

Sincerely yours,

MICHAEL J. CLEMENT

RESOLUTION NO. 88-2

WORCESTER TOWNSHIP
MONTGOMERY COUNTY, PENNSYLVANIA

RESOLUTION FOR PLAN REVISION

Resolution of the Supervisors of Worcester Township, Montgomery County, Pennsylvania (hereinafter "the municipality").

WHEREAS, Section 5 of the Act of January 24, 1966, P.L. 1535, No. 537, known as the "Pennsylvania Sewage Facilities Act," as amended, and the rules and regulations of the Pennsylvania Department of Environmental Resources (Department) adopted thereunder, Chapter 71 of Title 25 of the Pennsylvania Code, require the municipality to adopt an Official Sewage Facilities Plan providing for sewage services adequate to prevent contamination of waters and/or environmental health hazards with sewage wastes, and to revise said plan whenever it is necessary to determine whether a proposed method of sewage disposal for a new development conforms to a comprehensive program of pollution control and water quality management, and

WHEREAS, Robert Frisbie has proposed the development of a parcel of land identified as The Frisbie Tract, and described in the attached Planning Module for Land Development, and proposes that such subdivision be served by community sewage systems, and

WHEREAS, the municipality has reviewed the Planning Module for Land Development for the proposed subdivision and has determined that the proposed method of sewage disposal does not conform to and is not included in the approved "Official Plan" of the municipality Act 537 Plan for Worcester Township, and

WHEREAS, Worcester Township has reviewed the attached Planning Module for Land Development and the subdivision to be serviced by the proposed community sewage system and finds: (1) that for the purposes of sewage facilities planning, the proposed revision to the Worcester Township Official Sewage Facilities Plan is acceptable in concept subject to compliance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the requirements of the Department for a sewage plant and sewer extension permit; and (2) that the proposed subdivision in the form of a tentative sketch plan is in general compliance with the applicable zoning and subdivision regulations of Worcester Township subject to compliance with the additional requirements thereof for approval of preliminary and final subdivision plans and compliance with a comprehensive program of pollution control and water quality management.

NOW, THEREFORE, BE IT RESOLVED that the Supervisors of Worcester Township hereby adopt and submit to the Department of Environmental Resources for its approval on the terms recited above as a revision to the "Official Plan" of the municipality the above-referenced Planning Module for Land Development which is attached hereto, without prejudice, however, to the authority of Worcester Township to contest any and all future actions of Robert Frisbie and/or the Department in the review and/or approval of an NPDES permit and sewage plant and sewer extension permit and with the clear understanding that Worcester Township will not serve as the project sponsor, nor as the permittee for the sewage plant and/or sewage facilities proposed by the plan revision hereby approved.

RESOLUTION #88-4

RESOLUTION AUTHORIZING THE FORMATION OF AND
PARTICIPATION IN THE CENTRAL MONTGOMERY COUNTY
TRANSPORTATION STUDY GROUP BY WORCESTER TOWNSHIP

WHEREAS, the Supervisors of Worcester Township as elected officials have long recognized the need of planning the growth in population and industry in our area; and

WHEREAS, we have noted with concern the increase in traffic on our roads over the past few years; and

WHEREAS, the inadequacy of our road network to handle the present and projected traffic load has been recognized for many years with numerous studies having been carried out to delineate solutions; and

WHEREAS, the Supervisors desire to foster and expand their effort to study and plan for our area's traffic needs; and

WHEREAS, the Central Montgomery County Transportation Study Group has as its goal the study and implementation of plans to solve our area's traffic problems.

NOW, THEREFORE, BE IT RESOLVED THAT:

SECTION 1: The Board of Supervisors of Worcester Township hereby authorizes its officials to participate in the formation of the Central Montgomery Transportation Study Group.

SECTION 2: The Board of Supervisors of Worcester Township hereby authorized its officials to participate in the activities of the aforesaid Group and to foster its efforts to discuss and coordinate methods by which its membership can establish an improved transportation network throughout the Central Montgomery County area.

SECTION 3: The Board of Supervisors shall appoint a representative from Worcester Township.

RESOLVED this 14th day of November, 1988.
