WORKSESSION TOPICS

1. Fire Department Training Building Discussion

Brandon Raquet, Assistant Chief of the Worcester Volunteer Fire Department (WVFD), oversees training of the WVFD. He then described some of the training they hold in and out of house.

Mr. Raquet stated that the WVFD makes sure that the drill nights are useful and people want to be there. He highlighted the 41-person-average-attendance on drill nights, which is some of the highest in the County.

Mr. Raquet indicated that burn drills are held at facilities outside the township. The County facility, which they often use, is approximately 40 minutes away from the township which takes the volunteers away from the township at times when they might be needed.

WVFD also requires active interior burn training once a year to be qualified to go into a building.

Mr. Raquet finished up with asking the township to help with the permits and location identification. He specifically identified Nike Park as a potential location for the burn site.

The WVFD would like to use the shipping container version, securing it with a fence and adding lighting for better training at night.

Mr. DeLello commented that a training facility makes sense but is concerned about size and the intended use of Nike Park. This might include restrictions on the open space land. He was also concerned about safety surrounding the site.

Mr. Raquet responded that much of the air quality risk would be mitigated by not burning furniture or other carcinogens.

Mr. DeLello also voiced concern that the timing was too quick to make an informed decision.

Mr. Raquet then informed the Supervisors that support from the township would be minimal.

Mr. Quigley clarified the size of the concrete pad and asked about the scheduling of other facilities.

Mr. Raquet indicated that scheduling has not been much of an issue.

Mr. Quigley then asked about the ability to run classes.

Mr. Raquet indicated that they would be able to run Firefighter 1 courses.

Mr. Betz clarified that stakeholder management would need to be utilized. He also suggested that other groups could train at the facility as well.

Mr. DeLello suggested that the township investigate if there are any obvious obstacles like deed restrictions.

Route 73 Construction & Traffic Pattern – Mike Snizik, Enbridge

Mike Snizik indicated that Enbridge is an interstate natural gas company which performs anomaly maintenance. There are two lines they are responsible for that run under Skippack Pike. Enbridge runs tooling through the lines to ensure safety. The sensors mark any issues, and the company excavates and repairs any damage. There are two 26-inch pipes and they are vital infrastructure. The work is anticipated to start around September 14th. There won't be any loss of service as there will simply be no gas charged in the pipe as the crews are working. PennDOT has granted a permit and Mr. Snizik is concerned about the traffic management from a speeding perspective. He also gave preliminary traffic strategies. The work will take a minimum of 20 days.

Mr. DeLello asked about safety concerns. Mr. Snizik responded that there are no more safety concerns than any normal construction site with diesel and hydraulic fluid.

Mr. Snizik stated that tooling ran through the lines identified a potential issue, however there is no guarantee the pipe needs maintenance.

Mr. Quigley asked if there was anywhere else that needed to be fixed. Mr. Snizik responded that these were the only two areas that needed additional investigation. Mr. Quigley asked what happens if the township says no. Mr. Snizik indicated that no one says no, he then elaborated that the department of energy has standards that they must meet.

PUBLIC COMMENT

Doris Dixon of Bustard Road made a reference to the work session concerning the potential fire training facility and suggested that the fire department do a dry run in that area prior to deciding to use the Nike Park property. Ms. Dixon further discussed a dispute with her neighbor. She asked about whether her neighbor running a doggie daycare business at his residence was permitted. She went on to complain about a fence her neighbor erected.

Gary Volpe of Towamencin Township, the owner of 3238 W Germantown Pike, which is zoned AGR, spoke concerning his property. In 2002, by special exception, they were approved for a Roofing business. They have since moved out. In 2015, the Batter's Box was approved for Baseball skills by special exception and that lease has ended. Mr. Volpe has signed a new lease with Integrate for Good, an organization dealing with special education and workforce development. Mr. Volpe applied for a Use and Occupancy permit and was denied due to the proposed use not meeting use requirements within the AGR zoning district.

Mr. Volpe indicated that Integrate for Good will lose grant funding if they are not operational by July. Mr. Volpe requested the Board overturn the denial of the Use and Occupancy issued by the Zoning Officer.

Township Solicitor Wendy McKenna indicated that the proposed use required relief from the Zoning Hearing Board and that the Board of Supervisors does not have the authority to overturn the Zoning Officer's decision.

Dr. Bev Weinberg, Executive Director of Integrate for Good, explained that an extension would not work because the grant requirements are federally mandated. Dr. Weinberg stated that they are not a camp, school, or developmental center, and that they may need to take legal action.

Jay Finnigan, Interim Township Manager, indicated that the proposed use clearly fits the definition within the zoning ordinance based upon a review of Integrate for Good's website.

MOTION

- a) Motion to authorize Township Solicitor to prepare a Resolution approving the 1543 Trooper Road Lot Line Change with the condition that no prior deed restrictions are being broken.

Supervisor DeLello thinks Pennoni is better because they can do more and they have a team of environmental people. He thinks that Pennoni suits the township's needs better.

Supervisor Quigley has been concerned about the property for a couple of months. He is deeply concerned about the potential soil contamination at the property but, he was not prepared to make a motion to hire an environmental engineer that evening.

Supervisor Betz made a motion to hire AET. There was no second.

Supervisor DeLello made a motion to hire Pennoni. There was no second.

Both motions failed.

- d) Motion to authorize Interim Township Manager to execute an Agreement for Traffic Engineering Services – Data Collection and Evaluation for Traffic Signal Retiming at Skippack Pike and Bustard Road – in the amount of no-to-exceed \$5,100.

Mr. Finnigan, the Interim Township Manager, gave background on the issue. At the traffic signal at Skippack Pike and Bustard Road, there have been multiple complaints from residents and from state elected officials. The timing has not been analyzed since 2004. Mr. Finnigan received a quote of \$5,100.

Supervisor DeLello clarified that this would be the first step in changing the timing of the lights.

Supervisor Betz asked how the township decides what intersections to modify.

Mr. Finnigan clarified that this is mostly in response to resident complaints.

Supervisor Betz asked if this intersection is particularly bad.

Township staff indicated that this intersection has had several bad collisions and a total of 16 in the past 12 months.

Mr. Evarts gave background on the Skippack Creek Alliance. The township would be responsible for approximately 16.25% of the \$296,000, or about \$50,000. Some municipalities would be responsible for more.

This project is a stream bed restoration on Zacharias Creek.

Supervisor Betz asked if the other municipalities had approved their commitment letter. Mr. Evarts did not know at that time.

Mr. Andorn clarified that the township was getting paid.

Supervisor Betz commented that the that he agrees with most of the ordinances, but thinks the accessory structures are probably the most complex.

The Board redirected the ordinance amendment discussion to the Planning Commission.

Hartzell, Director of Operations and Field Services, and Paul G. Mullin, Esquire, Hamburg, Rubin, Mullin, Maxwell & Lupin, Solicitor.

The following items, by agenda number, were discussed:

1. **MINUTES** - Upon the motion of Mr. Farrall, seconded by Mr. Rodgers, the Board unanimously approved the Minutes of the April 23, 2024 Board of Directors meeting as presented.
2. **BIDS** – There was no Bid Activity this month. Following up from last month’s Board meeting discussion, Mr. Preston noted that Contract No. 797 Towamencin Service Renewal Project agreement was being executed this evening and a Notice to Proceed issued.
3. **PUBLIC COMMENTS** - There were no members of the public in attendance at the meeting.
4. **FINANCIALS**
 - 4.1. The Statement of Income and Expense for the period ending April 30, 2024 was highlighted by Ms. Tarburton and discussed. Metered Sales are up about \$126,000 (about 2%) over the same period last year. Total Revenues are down 2.5%, about \$210,000 year to year, due to reduced tapping fees collected from the previous year. Operating expenses are in line with the 2024 budget with no significant variances, reporting at 33% of budget with 33% of time elapsed. Debt Service Coverage is 1.10, which is the minimum of 1.10 required by the Trust Indenture. Total net income to debt ratio is 1.50, above the indenture requirement. The Statement of Net Position for the period ending April 30, 2024 was highlighted and discussed. It was noted that Net Position had increased by 2.6% year to year, an increase of approximately \$4.4 million. The Capital Budget Report indicates expenditures are just 8% of the budget but should fall in line with projections with upcoming pending summer projects. Metered Sales are at or above the 3-year average line. Following discussion, upon the motion of Mr. Farrall, seconded by Mr. Witmayer, the Board voted unanimously to accept the report and file it for future audit. Ms. Tarburton noted that the final audited 2023 financial statements were completed and included in this month’s Board packet. There was no change from the draft that was circulated previously. Ms. Tarburton also highlighted the Human Resources and Payroll report.

- 4.2. Check Registers for the period April 18, 2024 to May 16, 2024 were distributed and discussed. Upon the motion of Mr. Farrall, seconded by Mr. Mast, the Board ratified unanimously the payments listed.
5. **OPERATIONS, METER/CUSTOMER SERVICE, AND STATISTICS REPORT** – Mr. Filiatrault arrived at 7:39 am and was present for all subsequent discussions. The Report for the month of April 2024 was presented, highlighted by Mr. Hartzell, and discussed.
6. **ENGINEERING AND WATER QUALITY REPORT** - The Report for the month of April 2024 was presented, highlighted by Mr. Preston, and discussed.
7. **INFORMATION TECHNOLOGY REPORT** - The Report for the month of April 2024 was presented, highlighted by Mr. Pearce, and discussed.
8. **ADMINISTRATION AND PUBLIC RELATIONS REPORT** - The Report for the month of April 2024 was presented, highlighted by Mr. Bellitto, and discussed.
9. **FOREST PARK WATER** - Mr. Rodgers, Chair of the Forest Park Water Operating Committee, reported that the committee had not met. There was nothing further to report beyond that contained in the Board Packet.
10. **MAIN EXTENSIONS**
- 10.1. M.E. 1486 – North Penn Logistics Center, Hatfield Township – Upon the motion of Mr. Rodgers, seconded by Mr. Farrall, the Board authorized unanimously the execution of Resolution No. 24-05-28B for the Deed of Dedication of Public Utility Line and the Deed of Dedication itself, respectively.
11. **ITEMS FOR DISCUSSION**
- 11.1. Resolution No. 24-05-28A PENNVEST Application for Financial Assistance – West Rockhill Township – Mr. Preston discussed the resolution included in the Board packet related to the West Rockhill Transmission Main and attached letter indicating that the Authority will comply with all conditions of the PENNVEST loan. The resolution is required for the PENNVEST application and gives Mr. Dingman signatory authority to execute all closing documents related to the loan application. Once executed and transmitted to PENNVEST, the Authority will have complied fully with all requirements of the loan application. Upon the motion of Mr. Witmayer, seconded by Mr. Farrall, the Board ratified unanimously the Resolution and authorized Mr. Dingman to sign the letter.
- 11.2. Wells Status Update – Mr. Bellitto gave a brief overview and background into the Authority use of its groundwater supply. At one time over 30 years ago, the Authority operated 75 wells prior to obtaining surface water from Forest Park and currently operates only four wells. With the pending final PFAS rule of 4 parts per trillion for each PFAS compound being imposed by EPA, the remaining four wells, though compliant currently with the new MCL, are very close to exceeding it. In an

abundance of caution, the remaining four wells will be shut down and only used for emergency purposes, such as a high demand period. Going forward, all water will now come exclusively from the Forest Park Water Treatment Plant. Mr. Hartzell indicated that to keep the wells on active status, compliance monitoring will be continued to ensure that the wells are available, if needed. It was acknowledged that that we are continuing to finalize our source of supply study as we look to future capacity needs and this subject will be discussed further at the July Engineering Committee meeting. The Board concurred with this action related to the remaining active wells and Mr. Bellitto indicated that this is how our source of supply will be represented in future communications.

12. **COMMITTEE REPORTS**

12.1. Engineering Committee – Mr. Farrall, Chair of the Engineering Committee, reported that the committee had not met.

12.2. Executive Committee – Mr. Simcox, Chair of the Executive Committee, reported that the committee had not met.

12.3. Finance Committee – Mr. Mast, Chair of the Finance Committee, reported that the committee met on April 23, 2024. The meeting minutes were presented for Board approval. Upon the motion of Mr. Mast, seconded by Ms. Cummings-Leight, the Board voted unanimously to approve the minutes of the April 23, 2024 Finance Committee meeting.

13. **CORRESPONDENCE** - Various items of correspondence and newspaper articles contained in the Board Packet were reviewed. There was nothing noteworthy or new regarding the information included.
