

WORCESTER TOWNSHIP  
BOARD OF SUPERVISORS  
BUSINESS MEETING MINUTES

November 19, 2025

Worcester Township Community Hall

Call to Order

Chairman Rick DeLello called the meeting to order at approximately 7:05 PM and led the Pledge of Allegiance.

Present

- Rick DeLello, Chairman
- Lou Betz, Vice Chairman
- Steve Quigley, Supervisor
- Dan DeMeno, Township Manager
- Christian Jones, Assistant Township Manager
- Nicole Quagliariello, Finance Director
- Wendy McKenna, Township Solicitor
- Michelle Fountain, CKS Engineers

Recording Statement

Assistant Township Manager Jones announced that the meeting was being recorded for future broadcast.

Budget Presentation – Informational Item

Township Manager DeMeno and Finance Director Quagliariello presented the 2026 draft budget. The presentation noted that the Township continues to maintain strong financial footing despite wider state and federal budget instability. The 2026 Budget includes no new taxes, maintains services, and supports capital projects without requiring new debt.

The presentation covered revenue projections, expenditures, capital funding, and major initiatives for 2026, including the wastewater system study, continued road resurfacing, stormwater work, and investments in parks and equipment. Sewer rates are proposed to increase by 3.5% for residential users and 4% for commercial users to sustain long-term infrastructure needs.

Supervisor Quigley offered reflections on his 18 years of service on the Board, expressed appreciation for staff and residents, and welcomed Supervisor-elect Christine Steere.

Public Comment – 1616 Whitehall Road

Resident Tim Creelman requested an update regarding code enforcement at 1616 Whitehall Road. The Township Solicitor summarized the October 2025 Zoning Hearing

Board decision upholding the Township's enforcement position, the property owner's subsequent appeal to the Montgomery County Court of Common Pleas, and the Township's filing to intervene. She also confirmed that the Attorney General declined to accept the owner's ACRE Act complaint.

Manager DeMeno responded to questions regarding DEP and Conservation District review of the owner's stormwater permit application and confirmed the Township continues to monitor the site. Discussion followed regarding satellite imagery, the nature of equipment stored on the property, and enforcement challenges.

Supervisor Quigley offered additional background on agricultural operations statewide and noted that the Township's record before the Zoning Hearing Board was strong and well-prepared.

#### Consent Agenda

The Board approved the following items:

- September 17, 2025 Work Session Minutes
- October 15, 2025 Business Meeting Minutes
- Treasurer's Report and monthly reports for October 2025
- Bill payments for October 2025 in the amount of \$350,382.27

Motion by Vice Chairman Betz, seconded by Supervisor Quigley. Motion passed unanimously.

#### Motions and Action Items

##### 1. Pay Estimate No. 2 – 2025 Road Paving Program

The Board reviewed Pay Estimate No. 2 to Heidelberg Materials Northeast LLC in the amount of \$817,368.90. Ms. Fountain of CKS Engineers confirmed completion of paving and ADA ramp work, with only line striping and retainage outstanding.

Motion by Vice Chairman Betz, seconded by Supervisor Quigley. Motion passed unanimously.

##### 2. Sewage Facilities Planning Module – 3268 Barley Lane

The Board considered a planning module for a proposed addition requiring designation of a reserve drain field. CKS Engineers and staff confirmed all testing and requirements were satisfied. The Planning Commission recommended approval.

Motion by Vice Chairman Betz, seconded by Supervisor Quigley. Motion passed unanimously.

### 3. Authorization to Advertise the 2026 Township Budget

The Board discussed the draft budget, including staffing considerations, capital planning, sewer study funding, and ongoing legal costs. Vice Chairman Betz and Supervisor Quigley each offered additional remarks regarding long-term financial planning and the need for flexibility in managing unforeseen infrastructure and legal expenses.

The Board authorized advertisement of the 2026 Budget for the required 30-day inspection period.

Motion by Vice Chairman Betz, seconded by Supervisor Quigley. Motion passed unanimously.

#### Public Comment – Budget

Resident Bob Andorn posed questions regarding sewer capital spending, the structure of the Township's 2016 sewer bond, and the Fisher Road acquisition loan. Staff explained the Hickory Hill assessment financing method, clarified the advantage of the Township's fixed low-rate borrowing compared to investment returns, and noted the importance of conservative revenue and expense projections.

Mr. Andorn also expressed concerns regarding timing of budget availability and the need for increased transparency.

Supervisor Quigley provided additional remarks based on business and agricultural experience, noting the difficulty of predicting litigation and emergency capital needs. Manager DeMeno clarified the use of reserves and multi-year capital planning practices.

Resident Jim Mollick offered extended comments on the history of Worcester's fiscal management, the Township's conservative budgeting philosophy, the importance of maintaining reserves, and successes in improving transparency and long-term financial stability.

#### Additional Public Comment

Residents and officials exchanged final remarks regarding sewer conditions, capital planning, and fiscal management.

#### Adjournment

There being no further business, the meeting adjourned at approximately 8:35 PM.

Respectfully submitted,

Dan DeMeno

Township Manager & Secretary

**NORTH PENN WATER AUTHORITY**  
**MINUTES OF THE BOARD OF DIRECTORS' MEETING**  
**October 28, 2025**

George E. Witmayer, Chair, called the meeting to order at 7:02 pm. The following Board members attended the meeting: Arthur C. Bustard, Kenneth V. Farrall, Amy Cummings-Leight, Richard C. Mast, Michael R. Filiatrault, Robert C. McCarney, Franco D'Angelo and William K. Dingman. Also present were Anthony J. Bellitto, P.E., Executive Director, Keith L. Hass, P.E., Deputy Executive Director, Ami Tarburton, Director of Finance and Human Resources, Daniel P. Pearce, Director of Information Technology, Daniel C. Preston, P.E., Director of Asset Management and Strategic Initiatives, Jonathan C. Hartzell, Director of Operations and Field Services, and Paul G. Mullin, Esquire, Hamburg, Rubin, Mullin, Maxwell & Lupin, Solicitor.

The following items, by agenda number, were discussed:

1. **MINUTES** – Upon the motion of Mr. Dingman, seconded by Mr. Farrall, the Board approved unanimously the Minutes of the September 23, 2025, Board of Directors meeting as presented.
2. **BIDS:**
  - 2.1 Authorize Bids – Contract 804 – 2026 Annual Paving Services Contract  
This contract is for annual restoration services related to excavations by NPWA crews for work requiring paving, sidewalk and curb restoration. The work is completed at a variety of locations within our service area throughout the year. Upon the motion of Mr. D'Angelo, seconded by Mr. McCarney and after discussion, the Board authorized unanimously the authorization of bids.
3. **PUBLIC COMMENTS** – There were no members of the public in attendance at the meeting.
4. **FINANCIALS:**
  - 4.1. The Statement of Income and Expense for the period ending September 30, 2025, was highlighted by Ms. Tarburton and discussed. Ms. Tarburton noted that Year-to-Date Metered Sales were up 2.6%, compared to 2024. Total Revenues are up 20% year to year, about \$4 million. This is due primarily to increased tapping and service fees paid and to \$2.6 million received from our PFAS claim settlement. Operating expenses were 73% of the budget, with 75% of time elapsed. Income after debt service is almost \$9.6 million, year to date and is approximately 150% of the budgeted amount. Debt Service Coverage is at 2.19, which is above the 1.10 required by the Trust Indenture. Total Debt Service Coverage is 3.98. The Statement of Net Position is up 6.9% year to year. Capital expenditures are trending upward to 69% of budget and metered sales charts are at or exceeding the 3-year average except for BCWSA sales due to the reallocation of the Forest Park rate. Following discussion, upon the motion of Mr. Farrall, seconded by Mr. Dingman, the Board voted unanimously to accept the financial reports and file for future audit. The Human Resources and Payroll report was also reviewed and highlighted by Ms. Tarburton. In further discussion, the Board concurred that we should proceed reviewing tapping fee calculations every few years,

as warranted. It was suggested that we evaluate ongoing, tapping fee revisions in the future at 3-year intervals to determine if adjustments are needed. At a minimum, it should be done before capacity is increased with the completion of the next plant expansion.

- 4.2. Check Registers for the period September 11, 2025, to October 17, 2025 were distributed and discussed. Upon the motion of Mr. Farrall, seconded by Mr. McCarney, the Board ratified unanimously the payments listed.

Mr. Jeffrey H. Simcox arrived at 7:36 pm and was present for all subsequent discussions.

5. **OPERATIONS, METER/CUSTOMER SERVICE, AND STATISTICS REPORT** – The Report for the month of September 2025 was presented, highlighted by Mr. Hartzell, and discussed.
6. **ENGINEERING AND WATER QUALITY REPORT** – The Report for the month of September 2025 was presented, highlighted by Mr. Preston, and discussed. Mr. Preston noted that there are two agreements needed for execution by the Board. The first one is the Second Amendment to Existing Tower Site Lease Agreement with New Cingular Wireless, PCS, LLC (d/b/a AT&T) at Hilltown Tank location. This amendment memorializes the reallocation and consolidation of AT&T equipment to one location at an existing roof corral not currently being used. The second agreement is an extension of an existing lease with Cellco Partnership (d/b/a Verizon Wireless) for our Hatfield Tank that is due to expire. The amendment extends the existing lease, effective April 1, 2028, for an additional 5-year term and three additional 5-year terms. The annual rent will be \$42,000/year, paid in monthly installments, with a 3% annual escalator. Upon the motion of Mr. Filiatrault, seconded by Mr. McCarney, the Board authorized unanimously the Second Amendment to Existing Tower Site Lease Agreement with New Cingular Wireless PCS, LLC to allow for the moving of equipment on the Hilltown Tanks. Upon the motion of Mr. Filiatrault, seconded by Mr. McCarney, the Board authorized unanimously the Second Amendment to Lease Agreement with Cellco Partnership d/b/a Verizon Wireless to extend the existing lease on the Hatfield Tank for an additional 4 terms at the stated terms and conditions.
7. **INFORMATION TECHNOLOGY REPORT** – The Report for the month of September 2025 was presented, highlighted by Mr. Pearce, and discussed.
8. **ADMINISTRATION AND PUBLIC RELATIONS REPORT** – The Report for the month of September 2025 was presented, highlighted by Mr. Bellitto, and discussed.
9. **FOREST PARK WATER** – Mr. Dingman, Chair of the Forest Park Water Operating Committee, reported that the committee did not meet. Mr. Hass noted the new report included at the end of this section that provides a Schedule and Cost Summary for the Forest Park 10 MGD Expansion Project. The report provides milestones, completion dates and updates of major tasks and budget expenditures. Mr. Hass indicated that the report would be updated monthly and included in the Board Packet under this section.

10. **MAIN EXTENSIONS:**

- 10.1 M.E. 1427 – Belton Manor  
Caracausa Building and Development, Inc., Godshall Road and Belton Court, Franconia Township. Upon the motion of Mr. Mast, seconded by Mr. Bustard and after discussion, the Board authorized unanimously the execution of Resolution No. 25-10-28 and further, the execution of the Deed of Dedication.
- 10.2 M.E. 1547 – Farmers Lane  
Lynn Builders, LLC, Farmers Lane and Maple Avenue, Sellersville Borough. Upon the motion of Mr. Farrall, seconded by Mr. McCarney and after discussion, the Board authorized unanimously Final Approval for 5 EDUs and further, the execution of the Main Extension Agreement.

11. **ITEMS FOR DISCUSSION:**

11.1 EDU Project Update – Mr. Hartzell highlighted the memo included with the Board Packet and reviewed the background and status and progress in our efforts to collect tapping fees owed by large customers. As a result of these efforts, we are requesting transfer agreements be executed with The Vons Companies, Inc. and Albertsons Companies, Inc. Both agreements are tied to the former Rosenberger's Dairy property currently doing business as Lucerne Dairy Farms. The Vons agreement memorializes the reallocation and consolidation of EDUs over the three parcels owned by Vons for the complex and acknowledges capacity currently reserved. The Albertsons agreement documents EDUs and tapping fees that are still owed based on current water usage. The agreement outlines a 60-month payment schedule designed to have all tapping fees fully paid by 2/1/2031. Upon the motion of Mr. McCarney, seconded by Mr. Filiatrault, and after discussion, the Board authorized the execution of both agreements.

12. **COMMITTEE REPORTS:**

- 12.1. Engineering Committee – Mr. Farrall, Chair of the Engineering Committee, reported that the committee did not meet since the last Board meeting. Minutes of the September 23, 2025, Committee Meeting was presented. Upon motion by Mr. Farrall, seconded by Mr. Bustard, the Board approved unanimously the minutes of the meeting
- 12.2. Executive Committee – Mr. Simcox, Chair of the Executive Committee, reported that the committee had not met.
- 12.3. Finance Committee – Ms. Cummings-Leight, Chair of the Finance Committee reported that the committee had not met this month. The next meeting will be held Tuesday, November 18, 2025, at 6:30 pm to review and discuss the proposed 2026 Capital and Operating Budgets and other related items.

13. **CORRESPONDENCE** - Items of correspondence and newspaper articles contained in the Authority meeting booklet were reviewed. There was nothing noteworthy to highlight.

14. **COMING EVENTS:**

14.1. Public Voting  
Tuesday, November 4, 2025: General Election  
North Penn Water Authority  
300 Forty Foot Road, Lansdale, PA

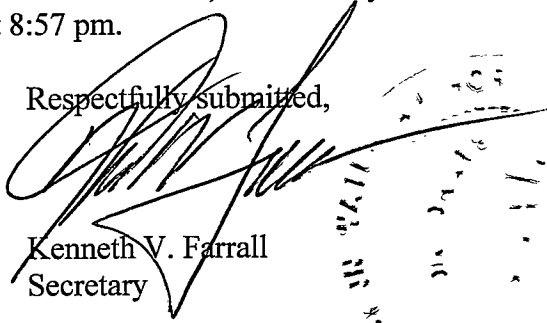

15. **OLD BUSINESS** – There was no Old Business.

16. **NEW BUSINESS** – There was no New Business.

17. **EXECUTIVE SESSION** – The Board adjourned to Executive Session at 8:43 pm to discuss litigation and real estate matters and reconvened at 8:56 pm.

There being no further business, upon the motion of Mr. Filiatrault, seconded by Ms. Cummings-Leight, the Board voted unanimously to adjourn at 8:57 pm.

Respectfully submitted,

  
Kenneth V. Farrall  
Secretary

10/20/25 - Meadowwood PS - The external block heater was warming but the warm coolant was not circulating. The heater looked to be relatively new, so wanted to make sure the cooling system was not air bound prior to replacing the heater. Ran the generator in HAND to bring it to normal operating temperature. Purged some air from the cooling system. While the engine was warming, found a small leak at the block heater supply hose clamps. Tightened all 4 hose clamps and topped off the coolant

Center Square PS - . Replaced the external block heater on the emergency generator. Hardwired the heater into the system. Ran the generator in HAND to bring it to normal operating temperature and purged the air from the cooling system. Topped off the coolant and reset the block heater breaker in the generator control panel. (Total time 2.5 hours)

## Taxes

The **earned income tax** is Worcester's primary revenue source. This tax is assessed on all earned income – such as wages, salaries and commissions – and this tax is proposed to remain assessed at the rate of one-half of one percent (0.5%) in 2025. The tax is not assessed on Social Security benefits, pension payments, retirement fund distributions, investment earnings or unemployment compensation. For 2026, receipts are projected to grow modestly, based on Berkheimer's collection data and broader economic indicators.

A **real estate transfer tax**, at the rate of one-half of one percent (0.5%), is assessed on the sale of real property. There is no proposed change to this tax rate in 2026. This receipt fluctuates with the number and price of properties sold in the Township. The Budget includes an additional \$300,000 in "base" real estate transfer tax receipts, which includes the annual sale of existing homes only, under average real estate market conditions. The Budget does not assume the sale of larger undeveloped properties, and non-residential properties, as these sales have historically occurred on an infrequent basis.

Worcester Township boasts the lowest **property tax** in Montgomery County. The Township's property tax is levied at 0.05 mills, and there is no proposed change to this tax in 2025. The owner of a property in Worcester Township that is assessed at \$300,000 (the approximate assessment for a house with a market value of \$650,000) pays \$15 in property tax to the Township. This same owner pays \$1,575 in property tax to Montgomery County (5.252 mills), and \$10,716 in property tax to the Methacton School District (35.7219 mills).

Taxes	code	2024 Actual	2025 Budget	2025 Projected	2026 Budget
property, current	301-100	\$ 51,318.11	\$ 49,290.00	\$ 51,765.00	\$ 51,540.00
property, liened	301-500	\$ 726.55	\$ 510.00	\$ 485.00	\$ 510.00

## Licenses & Permits

---

As permitted by Federal law, the Township assesses a 5% tax on the gross receipts of cable television companies that have installed transmission lines within public rights-of-way. Comcast and Verizon currently pay this **franchise fee** to the Township on a quarterly basis. Because the law does not allow municipalities to collect a fee for internet services, these receipts are expected to gradually decline as more media consumption shifts online.

A **road opening permit** is required whenever a public street is opened to service a utility line or for any other reason. The permit fee covers the Township's administrative expense to issue the permit, while inspection costs are paid from an escrow posted by the individual or company performing the work.

Modest receipts are generated by **sign permits** and **solicitation permits**. These permits are required to help maintain our community's higher quality of life.

## Fines & Forfeits

The District Magistrate collects fines (**ordinance violations**) for citations issued by the Pennsylvania State Police and the Worcester Township Codes Department. This receipt is projected to remain relatively flat in 2026.

The Commonwealth no longer shares vehicle code violation revenues with municipalities that rely on Pennsylvania State Police services, and this revenue source is not expected to be restored

Fines & Forfeits	code	2024 Actual	2025 Budget	2025 Projected	2026 Budget

		\$ 6,117.88	\$ 1,600.00	\$ 2,450.00	\$ 1,600.00

## Interest & Rents

The Township invests its funds in interest-bearing instruments and accounts in accordance with State law and best management practices. Earnings fluctuate with prevailing **interest rates**, and most investment income is booked to the Capital Fund, as the General Fund is used primarily for day-to-day operating expenses. For 2026, interest earnings are expected to moderate compared to 2025, with returns projected in the low-to-mid 3% range based on federal and market forecasts.

**Rents and royalties** include receipts from the rental of the Township's Community Hall and a Township-owned single-family home located on Hollow Road.

The Township also receives lease revenue from two properties on which **cell towers** are constructed. In addition to ground leases, the Township collects a portion of the rent paid by the owners of communication arrays mounted on the towers.

## Intergovernmental Revenue

The General Fund includes revenue from **grants** for operating projects only, and only after the grants have been awarded. Grant dollars received for capital projects, such as park acquisitions and trail construction, are booked to the Capital Fund.

The Township receives fees for each of three liquor licenses issued in Worcester, and additional fees upon a license transfer. The 2026 Budget assumes no change to either the **alcohol license fee** rate or the number of licenses issued in the Township.

The Commonwealth assesses a **foreign casualty** insurance tax on certain insurance policies and earmarks a portion of these funds to support public employee pension plans. Worcester maintains both a defined-benefit pension plan for existing employees and a defined-contribution pension plan for newer employees, with the latter providing significant long-term savings for taxpayers.

The Commonwealth likewise assesses a foreign fire insurance tax on certain insurance policies issued by out-of-state companies and earmarks a portion of these funds to support volunteer fire company relief associations. The funds are remitted to the Township and forwarded in full to the Worcester Volunteer Fire Department Relief Association. Annual allocations have declined in recent years, and the 2026 Budget assumes this revenue will remain level with the prior year's allocation.

## Charges for Services

The 2026 Budget assumes no significant new land development applications. It reflects one **Conditional Use** application and fifteen **Zoning Hearing Board** applications.

**Building permit** fees are budgeted at \$80,000. This figure is conservative and does not include revenue from large commercial projects or major residential developments, which are difficult to predict and occur infrequently. The estimate is instead based on routine construction activity and smaller residential projects that reliably occur each year. The Township takes the same approach with **zoning permit** fees, relying only on consistent activity when setting the budget.

Recreation revenues are modest and come primarily from participation fees for youth programs, sport camps, and community activities. While these receipts represent a small portion of the overall budget, they provide steady support for community recreation. The Township continues to forecast only dependable revenues in this category, ensuring the budget reflects stable and recurring income.

## Miscellaneous Revenue

**Park miscellaneous** revenue includes pavilion and field rental fees. Field rentals help offset the costs of maintaining Township athletic fields. This category also includes sponsorships and exhibitor fees from Worcester Community Day.

**Miscellaneous income** may also include reimbursements such as State or Federal aid received during major snow events.

**Service charge fees** are collected on payments made by credit card. The fee charged is equal to the actual amount charged by the credit card companies.

## Other Financing

The Township manages escrow accounts for active land developments and other construction projects. These funds guarantee the completion of required public improvements such as roads, sidewalks, and stormwater basins. Escrow dollars are released as improvements are completed, and the Township charges an **administration fee** for each release processed by staff.

Capital expenditure is budgeted directly in the Capital Fund. This ensures a clear separation between operating and capital expenses and avoids the need for interfund transfers.

## Legislative

This Department provides for the Worcester Township Board of Supervisors, and related expenses. The Board consists of three Members, each elected to an at-large six-year term at municipal elections held in odd-numbered years.

The Board of Supervisors establishes policy, sets service levels, adopts the annual budget, and enacts tax rates. The Board also leads major planning efforts and improvement projects, including the development of the parks system and the adoption of long-range planning documents.

Each Supervisor receives a \$2,500 annual stipend and benefits, including health insurance, as permitted by State law. Worcester participates in a multi-municipal nonprofit health insurance trust, which helps control costs.

**Consultant services** include the fee paid to the Township's appointed auditor. The budget also funds membership dues to the Pennsylvania State Association of Township Supervisors, the Montgomery County Association of Township Officials, and similar organizations. Supervisors attend educational meetings and seminars throughout the year to review issues affecting the Township and to identify opportunities to improve operations.

The Supervisors attend educational **meetings and seminars** throughout the year, to discuss issues that affect our community, and to learn about ways to improve our municipal operations. Many of the meetings and seminars are conducted by the Pennsylvania State Association of Township Supervisors (PSATS) and the Montgomery County Association of Township Officials (MCATO).

The Budget also funds membership **dues** to PSATS, MCATO and similar organizations.

## Management

This department provides for the Office of the Township Manager, which consists of two full-time employees: the Township Manager and the Assistant Township Manager. The Assistant Township Manager manages the Township's grant operations, oversees special projects, and provides direct support to the Township Manager to ensure continuity of operations.

The Township Manager is appointed by the Board of Supervisors, and serves as the municipality's chief administrative officer. The Township Manager oversees the day-to-day operations of all Township Departments, and prepares information for meetings of the Board of Supervisors. The Township Manager's salary is determined by the Board of Supervisors.

In lieu of the use of a Township vehicle, the Township Manager utilizes a personal vehicle for Township business, and receives a fixed monthly stipend for **mileage reimbursement**, fuel, maintenance and all insurances.

Both the Township Manager and the Assistant Township Manager participate in educational **meetings and seminars** throughout the year. These sessions include programs offered by the Pennsylvania State Association of Township Supervisors, the Montgomery County Association of Township Officials, and the Association of Pennsylvania Municipal Managers. Attendance at these programs ensures that Township leadership remains current on best practices, policy changes, and emerging issues that affect municipal government.

## Finance

This Department provides for the Office of the Finance Director, which includes one full-time employee, the Finance Director.

The Finance Director is responsible for accounts receivable and payable, administration of payroll, and management of the Township's employee benefit programs. The Director also develops and maintains financial controls, ensures compliance with accounting standards, and provides accurate reporting of all public funds. In addition, the Finance Director prepares financial information for the Township Manager and Board of Supervisors to support budget planning and policy decisions.

The Finance Director attends educational **meetings and seminars** throughout the year, including that conducted by the Pennsylvania State Association of Township Supervisors and the Delaware Valley Trusts. The Budget provides additional funds for continuing education for this position.

## Tax Collection

This Department provides for the elected and appointed tax collectors.

The elected tax collector collects property taxes only, and the Township pays 5% on the amount collected. The Township provides **office supplies** for the elected tax collector, and also pays a portion of tax bill mailing expenses.

The appointed tax collector collects the earned income tax. This firm is appointed by the Montgomery County Tax Collection Committee (MCTCC), to which the Township is a member municipality. The MCTCC pays the firm 1.1% on the amount collected (**professional services**), which is deducted from the funds remitted to the Township. The Township also pays a share of the MCTCC operating budget that is proportional to the Township's receipts relative to that of the other members. This share is approximately \$300.

## Legal

This department provides for the Township's legal services. The Township Solicitor, appointed by the Board of Supervisors, represents the municipality in legal matters. Because of the scope and variety of legal assistance required each year, the Township contracts for legal services rather than employing in-house counsel. This approach continues to be more cost-effective.

The Solicitor reviews contracts, ordinances and policy documents prior to their adoption by the Board of Supervisors, and provides legal advice to the Board of Supervisors and Township Manager. The Solicitor also supports the Township's Open Records Officer to meet the requirements of the Commonwealth's Right-to-Know (**RTK**) Law.

Legal costs vary from year to year because of the unpredictable nature of litigation. The 2026 Budget reflects this uncertainty, setting aside sufficient funds to cover expected routine legal expenses while recognizing that extraordinary cases can cause higher costs in any given year.

## Clerical

This department includes three full-time positions: a Receptionist/Permit Clerk, a Special Projects Manager, and one Administrative Assistant. The Administrative Assistant position was budgeted for in 2025 but not filled; it is planned to be filled in 2026.

The Budget also continues enhanced funding for IT services, so to best protect the Township's **computer** network. A growing number of municipalities are falling prey to ransomware and similar threats, and Worcester invests the dollars needed to enhance its network security. The Budget also provides for annual software license fees.

The Budget provides for contracted **payroll services**, and for general **office supplies**. Budgeted **postage** funds provide for all mailings that are not sewer bills or the Township newsletter, which are funded by the Sewer Fund and General Fund line-item code 459.340, respectively.

**Advertisements** include legal ads the Township are required to publish by State Law in advance of select meetings and scheduled actions of the Board of Supervisors. State Law also mandates the advertisements be published in certain newspapers, and these newspapers, in turn, charge hefty publication fees. To help offset this cost the Township Manager drafts most legal ads, and submits these to the Township Solicitor for edit, in lieu of having the Township Solicitor draft original ads.

## Engineering

This department provides for the Township's engineering services. The Township Engineer, appointed by the Board of Supervisors, reviews subdivision and land development plans, evaluates proposed public improvements, and determines the appropriate amounts for escrow releases. The Engineer also provides technical guidance on the design and construction of Township improvements.

The budget includes funding for grant support services. The Township Engineer plays an important role in preparing and reviewing grant applications, ensuring that technical requirements are met and that proposed projects are feasible and well-documented.

## Township Building

This department provides for the operation of the Township Building. The building supports the delivery of public services, and regular maintenance ensures it remains reliable and cost-effective.

**Utilities** include electric, water and internet service, as well as heating oil and propane gas, which is used for the back-up generator. In addition to providing for HVAC system preventative maintenance and cleaning services, **maintenance and repairs** fund parking lot light fixes as may be needed.

The budget also includes a general **other expenses** line item to capture building-related costs that do not fall into specific categories, providing consistency in expense reporting.

## Garage

---

This Department provides for the operation of the Public Works Garage complex. The complex includes a small administrative building that includes the office of the Public Works Director, a locker room and a lunch room for the Public Works team. It also includes multiple vehicle bays for storing vehicles, equipment, and tools, as well as specialized storage areas that support daily operations.

**Utilities** include electric, water and internet service, as well as propane gas, which is used for heating. In addition to providing for HVAC system preventative maintenance and regular cleaning services, **maintenance and repairs** fund trash and recycling services.

The **other expenses** line item has been revised to include expenses that were posted to other line items in previous year budgets. As this line item appears in several Departments, the change will help to standardize the posting of these expenses.

## Community Hall

This department provides for the operation of the Township's Community Hall in Fairview Village. The facility hosts meetings of the Board of Supervisors, Planning Commission, and Zoning Hearing Board. It is also used by community groups such as local scout troops, and Township residents, businesses, and organizations may rent the hall for meetings and events for a modest fee.

**Utilities** include electric, water and telephone service, as well as oil, which is used for heating. In addition to providing for HVAC system preventative maintenance and cleaning services,

**maintenance and repairs** funds minor fixes to the property's parking lot and landscaping.

## Public Safety

This Department provides for Township and State contributions to the Worcester Volunteer Fire Department, our community's all-volunteer emergency service provider.

**WVFD contributions** include:

- A Township contribution in the amount of \$193,930 for general operating assistance.
- A Township contribution in the amount of \$172,000 to offset the Fire Department's purchases of capital items such as fire engines, radios and life-saving equipment.
- A Township contribution in the amount of \$8,000 to help provide preventative maintenance services for Fire Department apparatus.

In addition, the Township receives pass-through funding from the Commonwealth's Foreign Fire Insurance Tax. The State levies this tax on certain insurance policies and allocates a portion to volunteer fire company relief associations. Worcester remits all funds received to the Worcester Volunteer Fire Department Relief Association.

This Department also funds **hydrant rental** fees charged by the North Penn Water Authority, the Pennsylvania American Water Company and Aqua. These three utilities own and maintain 247 hydrants in the Township.

This department also provides Township contributions to the four **emergency medical service (EMS)** providers that cover Worcester Township. These providers deliver vital emergency response and patient transport services to residents and businesses.

A Township contribution of \$100,000 for general operating assistance. This funding is distributed among the four EMS providers serving the Township, with allocations determined by the percentage of calls each provider responds to within Worcester. This ensures that contributions reflect the actual level of service provided to the community.

## Code Enforcement

This department provides for ordinance and building code enforcement. Staffing includes the Fire Marshal, contracted through a third-party provider, and a third-party building inspector.

Beginning in 2026, the Fire Marshal is contracted for four hours per week, with hours expandable as needed and billed by the hour. This arrangement provides significant savings in salary and benefits compared to an in-house employee, while also ensuring that the Fire Marshal maintains the most up-to-date fire certifications. Duties include investigating open burning complaints, managing the Township's fire alarm registration program, reviewing land development plans to confirm hydrant locations and emergency access, and supporting other safety-related efforts.

**Supplies** provides for the Township's annual codification needs. Approximately once each year the Township publishes an update to its Code, which encompasses the legislation enacted subsequent to the previous codification. This approach provides a modest savings over the codification of ordinances at the time each ordinance is adopted.

**Consultant services** also fund the Township's building inspector, who enforces the Pennsylvania Uniform Construction Code (UCC). The UCC is a state-mandated set of building safety standards that all municipalities are required to administer. Worcester contracts for this service because the demand for inspections does not justify a full-time employee and fluctuates with the real estate market and the seasons. This arrangement provides flexibility, with additional inspection hours during peak construction and fewer hours during slower periods, while keeping costs under control.

## Zoning Hearing Board

This Department provides for the operation of the Zoning Hearing Board. The Zoning Hearing Board considers appeals from Zoning Ordinance requirements and decisions of the Zoning Officer.

Zoning Hearing Board Members are appointed by the Board of Supervisors. Members are paid a \$50 stipend for each hearing attended.

The Members appoint a Solicitor who provides legal advice and guidance. State Law requires that the Township fund certain Zoning Hearing Board expenses, and this includes all **legal** fees billed by the Solicitor. If the Township Engineer testifies on behalf of the Township, the Township must also pay these **engineering** fees. Additional **professional services** are provided by a court reporter, and this cost is shared by both the Township and the Applicants appearing before the Zoning Hearing Board.

General support for Zoning Hearing Board operations is provided by Township staff, most notably the Zoning Officer and the Codes Clerk. This support includes drafting legal **advertisements** for the Solicitor's review, and mailing hearing notices.

## PA One Call

This Department provides for services associated with the marking of utility lines in advance of construction activities. The **PA One Call** system is a communications network of property owners, designers, excavators, and utility owners, created to prevent damage to underground facilities, and to reduce injuries to contractors.

Much of the expense is attributable to the marking of facilities in and around Township-owned traffic signals.

## Public Works

The Public Works Department provides for the maintenance of local roads and municipal-owned properties. The Township maintains about 60 miles of roadways, 25 culverts and bridges, 37 miles of storm sewers and approximately 300 acres of parks and other lands. The upkeep of these facilities is needed to maintain a higher quality of life for all Worcester families.

The Budget funds **payroll** and **benefits** for nine full-time positions. In 2022 the Township hired an additional full-time employee so to properly maintaining its growing inventory of Township-owned roads, parks, trails and other facilities. The additional employees have allowed the Township to assume additional “in-house” duties, like project inspections, that have traditionally been contracted to consultants. Utilizing Township staff to complete this work saves considerable dollars. The Budget also funds one part-time employees and, if needed, up to three seasonal employees.

Public Works employees are provided with Township-issued **uniforms**. In addition, the Public Works Director and the Public Works Foreman are provided with **cell phones**, as these positions are on call to address after-hour problems on roads, in parks and at other Township-owned facilities.

The budget continues to fund **training** for Public Works staff, including safety programs such as roadside flagging and the operation of commercial vehicles. Training ensures employees are prepared to work safely and efficiently in all aspects of Township maintenance and operations.

## Snow Removal

This Department provides for the winter maintenance of Township roads. And while the Township budgets for a “bad winter” that includes many snow and ice events, actual expenses will depend on weather conditions.

The Budget funds the purchase of approximately 625 tons of anti-skid **materials**... an amount that does not include a 450-ton stockpile that is currently housed in the Public Works salt building. A “normal” 5-inch snowfall requires about 32 tons of salt to treat all Township roads once.

Snow removal is handled directly by Township staff, with funds reserved for emergency **contractor** services only. This approach ensures readiness for severe weather while keeping routine winter operations in-house and cost-effective.

## Traffic Signals

---

This Department provides for the operation and repair of traffic signals. The Township owns and maintains twelve traffic signals. In addition, the Township funds a percent of five traffic signals that are located at its municipal borders.

The Township's Traffic **Engineer** provides professional services on an as-needed basis, including review of timing, design, and upgrades. Day-to-day **maintenance and repairs** are handled by a contractor specializing in traffic signal systems and technology.

## Machinery & Tools

This department provides for the maintenance of Public Works vehicles and equipment. The Township maintains a nine-truck fleet along with the equipment necessary to care for the roadway network, parks, and other Township-owned facilities. The Township's approach is to maintain vehicles and equipment until their useful life has been fully maximized, replacing them only when necessary and justified.

**Vehicle maintenance** includes the purchase of tires and parts, and repair services.

The budget also funds the purchase of **small tools** such as saws, levels, and weed-whackers, as well as repairs to these items when needed.

## Road Maintenance

This department provides fuel for Public Works vehicles and equipment. The budget assumes modest increases in both **gasoline** and **diesel** usage, as well as higher fuel prices. Usage projections account for the heavy demand that winter snow events place on the Township's fleet, since plowing requires significant fuel consumption.

This department also funds the purchase of street **signs** and related hardware. In addition, the budget provides for materials used in roadway maintenance throughout the year, such as pothole patching and work to roadside swales. These efforts are separate from the Township's annual Road Program, which is funded through the Capital Fund.

The Road Program remains one of the Township's largest annual investments, reflecting Worcester's commitment to maintaining safe and reliable infrastructure. By using Public Works staff to inspect road projects, the Township continues to reduce reliance on outside consultants and control overall costs.

## Stormwater Management

Stormwater management regulations are among the costliest unfunded mandates forced upon local governments today... an expense that is ultimately assumed by Township residents.

The United States Environmental Protection Agency and the Pennsylvania Department of Environmental Protection require Worcester Township to enforce extensive stormwater regulations that apply to every property in the community. These mandates do not fully account for the financial impact on municipalities and residents, creating a significant and ongoing burden.

In addition to enforcing these regulations, the Township must also fund stormwater planning and improvement projects. The budget includes **engineering** expenses necessary to meet federal and state requirements, with costs expected to continue rising in future years.

Worcester is a member of the Skippack Creek Watershed Alliance, along with Hatfield Township, Towamencin Township, Lower Providence Township, Skippack Township, and other environmental stakeholders. Membership allows participating communities to share costs and earn compliance credits in the most cost-efficient manner possible, reducing the financial burden on each municipality while improving regional stormwater management.

## Recreation & Culture

Worcester Township provides a number of recreational programs and community events for residents of all ages.

The Township partners with local organizations to offer popular tennis, basketball, and soccer **camps and leagues**. Worcester provides the infrastructure for these programs, including fields, courts, and other facilities, while partner organizations handle programming and instruction.

2025 marked the return of **Community Day** for the first time in several years, and the event was a success. The Township looks forward to hosting Community Day again in 2026 at Heebner Park, bringing together residents of all ages for one of the community's most popular annual gatherings.

Minor funding is also included in the budget to support the possibility of hosting musical concerts at Heebner Park, expanding recreational opportunities for residents.

Finally, the budget provides for the Township's annual contribution to the Norristown Library, Worcester's public **library**. While state aid for libraries has declined in recent years, the Township remains committed to supporting this important resource and continues to fund it as part of the annual budget.

## Parks

This Department provides for the maintenance of the Township's parks system, which includes 120 acres of active and passive parklands, and more than 170 acres of natural open spaces.

**Heebner Park**, our community's signature park, totals 84 acres, and includes athletic fields, basketball and tennis courts, walking trails, playgrounds, and pavilions. The Zacharias Trail begins in Heebner Park; the Township is now working to extend this trail to nearby Evansburg State Park.

**Mt. Kirk Park** sports one multi-purpose athletic field and a quarter-mile walking trail. This seven-acre park offers a convenient walking trail that connects to the neighboring Chadwick Place development.

**Sunny Brook Park** is home to two softball fields and one multi-purpose field. While this park is located within a residential subdivision, the facility is owned and maintained by the Township.

**Heyser Field** is an equestrian-friendly park located behind Community Hall. Various community and equestrian events are held at the park throughout the year. A 700 linear foot unpaved trail winds through the woods behind the horse ring.

The budget funds the maintenance of athletic fields, pavilions, trails, and other amenities. Field rental fees help recover a portion of these costs, with discounted rates available for community-based and youth organizations. These fees offset about 10% of the annual maintenance expense.

The Budget also funds **utilities** (electric and water) in service at Heebner Park and Sunny Brook Park.

## Public Relations

This department provides for the publication of the Township's community newsletter. The newsletter is mailed to every home and business in Worcester Township twice a year. Articles are prepared by Township staff, which helps keep production costs low.

The Township also distributes an informational packet to new residents, with design and printing costs included under other communications. In addition, a monthly electronic newsletter is provided to keep residents informed between print editions.

## Other

The Township pays **real estate taxes** on portions of two Township-owned properties that are improved with cell towers. The cell tower companies that lease these lands reimburse the Township for the taxes paid. In past years the reimbursements were booked as a General Fund receipt. Beginning in 2018 the reimbursements were credited against this expenditure line-item, 481.430.

**Insurance** expenses include premiums for property, liability, automotive, inland marine, and workers compensation coverage.

The Township participates in a multi-municipal insurance trust that provides most of this coverage, with separate workers compensation insurance maintained for volunteer firefighters.

The budget also provides for a year-end transfer from the General Fund to the Capital Fund. This transfer is the Capital Fund's primary revenue source and is used to purchase vehicles and equipment, improve Township facilities, and fund other capital projects.

## Interest

The Township invests its funds in interest-bearing instruments and accounts in accordance with state law and best management practices. Earnings fluctuate with prevailing interest rates, which are influenced by many economic factors.

For 2026, the budget projects **interest** income to remain stable with a slight decline, reflecting federal and market forecasts of 50 to 75 basis points in rate reductions. A basis point equals one one-hundredth of a percent, so a 50 to 75 basis point reduction is equal to a 0.50% to 0.75% decrease in rates.

Most investment earnings are credited to the Capital Fund, as the General Fund is used primarily for day-to-day operating expenses.

## Other Government Levels

The Township seeks to obtain federal, state, county, and other grant funding whenever possible. Grants are included in the budget only after they have been awarded.

For 2026, funding has been awarded for the design and construction of a one-mile extension of the Zacharias Creek Trail. This project will connect the trail directly to the 24-mile network in Evansburg State Park, creating a continuous regional connection for walkers, runners, and cyclists.

The Township has also received a Growing Greener Grant to support the ecological restoration of a segment of the Zacharias Creek, improving water quality and enhancing natural habitats along the stream corridor.

## Fees

The Township assesses a **traffic impact fee** on most new development. The fees collected fund improvements to the roadway network to accommodate future traffic generated by development. The 2026 budget does not assume the receipt of large one-time fees, but instead relies on smaller, more predictable payments from ongoing development activity.

The Budget includes **miscellaneous** revenue from the auction of used Public Works vehicles and equipment. State Law requires municipalities to sell vehicles and equipment by auction, unless the property is sold to another municipality, a volunteer fire company, school district or select other non-profit organizations.

Fees	code	2024 Actual	2025 Budget	2025 Projected	2026 Budget

		\$ 69,683.77	\$ 16,204.00	\$ 15,422.00	\$ 16,204.00

## Transfers In

The Capital Fund's primary revenue is a transfer from the General Fund. Each year, a portion of General Fund revenues is reserved to meet the Township's long-term capital needs. Maintaining strong reserves ensures the Township can fund future obligations without shifting costs to the next generation.

For 2026, efforts have been made to better account for the higher revenues and lower expenses that the Township has historically realized. This approach continues the conservative budgeting strategy that has built our reserves, while also giving residents a clearer picture of the Township's true financial position.

## General Government

The Township maintains a computer replacement schedule to ensure workstations, servers, switches and other network components are replaced in a timely fashion. The replacement of new desktops and an updated server are budgeted in 2026. The new computers are budgeted as **office equipment**.

The Budget funds Township **building improvements**, including an upgrade to the Township Building's exterior. Additional dollars are budgeted for emergency repairs and other unforeseen expenses.

In addition, debt service payments continue in 2026 for the loan obtained to purchase the open space property at 3335 Fisher Road. These payments are included in the **debt interest** line item.

## Public Works

In many municipalities, the annual road maintenance budget is limited to the Liquid Fuels allocation received from the Commonwealth. However, this allocation alone is not enough to meet the maintenance needs of a community's roadway network. Worcester Township budgets additional dollars each year to supplement these State funds.

For 2026, the Budget provides \$793,000 in supplemental capital funds for the Township's Road Program. This enhanced investment allows Worcester to deliver a more comprehensive resurfacing and repair program than would be possible relying on State dollars alone.

The 2026 Capital Budget also funds several related infrastructure improvements, including targeted bridge repairs identified in the Township's bridge inventory and stormwater upgrades required under Municipal Separate Storm Sewer System (MS4) regulations.

The Budget provides for the following **equipment purchases**:

- a Ford F550 to replace a 2013 truck
- a JD 997 mower, JD lawn roller, Ford F550 truck body
- a mobile aerial lift

It is also important to note that the Township does not look to replace vehicles and equipment when these items mature from their depreciation schedules. Instead, the Township replaces these items only at the end of their useful life, so to maximize value.

Finally, the 2026 Budget includes funds for upgrades to **traffic signals** at select intersections, improving safety and reliability across the Township's transportation network.

## Parks & Recreation

The Budget provides for several park and trail improvements, including fence repairs at Sunnybrook, security cameras at Mt. Kirk and staining the pavilions in Heebner park.

Design work will continue on a one-mile extension to the Zacharias Trail; when completed this **trail** will link to the existing 24-mile trail network in Evansburg State Park.

The Budget also provides dollars for the replacement of worn amenities throughout the parks system and trail network, such as paving Zacharias Trail and upgrades to Heyser Field.

The Budget provides funds for **land acquisitions** to support land preservation efforts throughout the community.

## Wastewater Receipts

The Township owns and operates two stream-discharge wastewater treatment plants — the Valley Green Plant and the Berwick Plant — along with six pumping stations. A seventh pumping station, serving the Reserve at Center Square development, is expected to be dedicated in 2026. The system provides service to about 1,100 residential customers and nine commercial customers.

The 2026 Budget projects revenue from **sewer fees** with a 3.5% increase to both residential and 4 4% increase to commercial rates. This increase ensures that income from the system continues to recover all operating costs while also funding a stable capital reserve. The Budget also supports a full, holistic review of the wastewater system to identify and plan for future repairs and upgrades, helping to stabilize long-term sewer revenues and protect ratepayers from unexpected costs.

## Wastewater Expenditures

The Township continues to benefit from its contract wastewater operator service, which provides direct billing for sludge removal, testing, and chemical purchases. This arrangement has resulted in significant cost savings for ratepayers compared to past practices. A share of the operator service cost is allocated across the two treatment plants and six pumping stations, with expenses reflected in the operations line for each facility.

The Township maintains a sewer capital reserve account to ensure funds are available for long-term obligations such as pump and line replacements. This approach helps avoid unexpected costs and keeps the sewer system financially stable.

For 2026, the Budget includes \$84,680 for capital improvements. This covers the continuation of the annual sewer line televising program and the installation of influent samplers at both the Valley Green and Berwick Treatment Plants. These projects are funded through sewer fee revenues and support the long-term reliability of the system.

## Interest

The Township invests its funds in interest-bearing instruments and accounts, in accordance with State law and best management practices. Earnings fluctuate with the **interest** rate received, which is shaped by broader economic conditions. For 2026, the Budget assumes rate reductions of 50 to 75 basis points, in line with current forecasts. This assumption provides a conservative estimate of interest income, while maintaining stability in the Township's financial planning.

Interest	code	2024 Actual	2025 Budget	2025 Projected	2026 Budget
interest	341-000	\$ 15,747.02	\$ 6,000.00	\$ 12,300.00	\$ 6,000.00
		\$ 15,747.02	\$ 6,000.00	\$ 12,300.00	\$ 6,000.00

## Licenses

Each year, a portion of the State tax on gasoline and other fuels is distributed to Pennsylvania municipalities based on population and road miles. These liquid fuels funds may be used only for road maintenance, construction, and related infrastructure expenses.

For many municipalities, this allocation represents the entirety of their annual road maintenance budget. Worcester Township does not rely on this approach. The Township recognizes that liquid fuels funds alone cannot meet our community's roadway needs. Therefore, the Budget includes significant supplemental dollars from both the General Fund and Capital Fund.

When combined, these funding sources provide more than \$1.1 million for roadway improvements in 2026, ensuring that Worcester's road network remains safe and in good condition.

Licenses	code	2024 Actual	2025 Budget	2025 Projected	2026 Budget
Liquid Fuel Funds	355-020	\$ 357,387.92	\$ 355,778.42	\$ 363,411.52	\$ 350,022.34
		\$ 357,387.92	\$ 355,778.42	\$ 363,411.52	\$ 350,022.34

Public Works

The Budget earmarks all liquid fuels funds received for the 2026 Road Program. While some municipalities limit their road maintenance program to the amount covered by State aid, Worcester recognizes that this allocation alone is not enough to maintain our roadways.

All other road maintenance expenses, including the purchase of winter materials and any contracted snow removal services, are funded through the General Fund. This approach ensures that the Township meets its roadway obligations with a realistic and fully funded budget.
