

Erected Into a Township in 1733
At the Center of Montgomery County

**WORCESTER TOWNSHIP BOARD OF SUPERVISORS
BUSINESS MEETING MINUTES
JULY 15, 2026**

The Worcester Township Board of Supervisors held its regularly scheduled Business Meeting on July 15, 2026, at the Worcester Township Community Hall, 1031 Valley Forge Road, Worcester, Pennsylvania.

CALL TO ORDER

Chair Lou Betz called the meeting to order.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance was recited.

ATTENDANCE

Board Members Present: Lou Betz, Chair; Christine Steere, Vice Chair; and Rick DeLello, Supervisor.

Also Present: Dan DeMeno, Township Manager; Wendy McKenna, Township Solicitor; and John Evarts, Township Engineer.

ANNOUNCEMENTS

Township Manager Dan DeMeno announced that the meeting was being video recorded for future broadcast.

INFORMATIONAL ITEMS

2025 Financial Audit Presentation

Stasia Devlin of Bee, Bergvall & Company presented the Township's audited financial statements for the year ending December 31, 2025. Ms. Devlin reviewed the Township's principal governmental and proprietary funds, including the General Fund, Highway Fund, Capital Fund, and Sewer Fund. She discussed major revenue and expenditure categories, the segregation of restricted funds, and the requirement that sewer revenues and expenses remain within the Sewer Fund.

Ms. Devlin reported that the Township received an unmodified audit opinion. She stated that the audit did not result in a management letter or material audit adjustments and that the Township remained in a sound financial position. She advised the Board to continue its existing financial management and internal control practices.

Supervisor DeLello asked Ms. Devlin to explain the purpose and limitations of a municipal financial audit. Ms. Devlin stated that the audit evaluates whether the financial statements are fairly presented in accordance with applicable governmental accounting standards. She explained that an audit uses sampling and is not a forensic examination designed specifically to detect every instance of fraud. She further explained that governmental accounting differs from private-sector accounting and follows standards applicable to public entities and governmental funds.

610-584-1410

610-584-8901

Supervisor DeLello also discussed restricted and unrestricted funds. Ms. Devlin confirmed that revenues restricted by law, grant agreement, or fund purpose must be used for the applicable purpose. The Board discussed the Sewer Fund as a self-supporting enterprise fund whose costs are borne by system users rather than by transfers from unrelated Township funds.

Vice Chair Steere asked how audit samples are selected and whether the auditor independently verifies Township balances. Ms. Devlin stated that the auditing firm determines the samples and provides the Township with a list of records to be produced. She confirmed that the firm independently verifies account balances with financial institutions and uses other independent sources when appropriate, rather than relying exclusively on records supplied by the Township.

Chair Betz asked about the time devoted to the audit and whether the auditor had identified mismanagement or financial irregularities. Ms. Devlin stated that staff performed work both on site and remotely and that no material financial management issues had been identified. The Board thanked Ms. Devlin for the presentation.

PUBLIC COMMENT

No public comment was offered at the first general public comment period.

OFFICIAL ACTION ITEMS

Consent Agenda

The Board considered the consent agenda, including the June 17, 2026 Business Meeting minutes, the Treasurer's Report and other monthly reports, and monthly bill payment in the amount of \$381,864.14.

A motion was made by Rick DeLello, seconded by Christine Steere, to approve the consent agenda. No public comment was offered. The motion carried unanimously, 3-0.

MOTION ITEMS

Escrow Release No. 7 - Huguenin Arden Reserve

Township Engineer John Evarts presented a request for Escrow Release No. 7 for Huguenin Arden Reserve in the amount of \$48,790.65. Mr. Evarts stated that the release primarily covered completed sidewalk, curbing, and landscaping improvements. He explained that the developer submitted the release request and supporting schedule and that the Township Engineer inspected the work and verified that the requested improvements had been completed.

Mr. Evarts stated that approximately \$273,946.47 would remain in escrow following the release. In response to questions from Supervisor DeLello, Mr. Evarts stated that most public improvements had been installed, several lots remained, final paving had not yet been completed, and temporary stormwater facilities still had to be converted to permanent facilities.

A motion was made by Rick DeLello, seconded by Christine Steere, to approve Escrow Release No. 7 for Huguenin Arden Reserve in the amount of \$48,790.65. No public comment was offered. The motion carried unanimously, 3-0.

Authorization to Advertise Ordinance 2026-304 - Stormwater Management Update

Township Manager Dan DeMeno stated that the proposed Stormwater Management Ordinance amendment had been presented to the Board the prior month and was referred to the Planning Commission at the Board's request. He reported that the Planning Commission unanimously recommended approval and that the action before the Board was authorization to advertise the ordinance for future consideration, not adoption of the ordinance.

Township Engineer John Evarts explained that DEP reviews municipal stormwater ordinances as part of the Township's MS4 permit cycle and had recommended updates to the Township ordinance. He stated that the proposed amendment revised Section 129-9 concerning modifications and Section 129-44 concerning prohibited discharges. Mr. Evarts further explained that DEP directly regulates disturbances of one acre or more, while the Township's local requirements also address smaller projects, including projects proposing 1,200 square feet or more of new impervious surface.

A motion was made by Rick DeLello, seconded by Christine Steere, to authorize advertisement of Ordinance 2026-304, the Stormwater Management Ordinance update. No public comment was offered. The motion carried unanimously, 3-0.

Authorization to Advertise Ordinance 2026-305 - Data Centers

Township Manager Dan DeMeno introduced the proposed Data Center Ordinance. He stated that municipalities may not completely exclude a lawful land use and that municipalities without express data center regulations may be vulnerable to applications asserting exclusionary zoning. He explained that Montgomery and Chester Counties had prepared a model ordinance framework and that the Township draft was intended to establish a legally defensible location and detailed standards before an application was filed.

Mr. DeMeno summarized the draft provisions. The ordinance would permit data centers in the LI Light Industrial District by conditional use before the Board of Supervisors. The draft included a minimum tract area of 90 acres and standards addressing separation distances, building scale, electricity and water demand, noise, heat generation, emergency response, traffic, buffering, and decommissioning. He emphasized that authorization to advertise would not approve a data center or select a particular property. It would allow the Township to move the ordinance forward after additional review.

Chair Betz asked whether the ordinance was mandated by the County and questioned whether the Township had sufficiently evaluated its LI districts and potential sites. Mr. DeMeno and Township Solicitor Wendy McKenna stated that the County model was advisory, not mandatory. Ms. McKenna nevertheless strongly recommended that the Township establish a defined use and safeguards rather than remain without specific regulations. She explained that a conditional use applicant would be required to present evidence and demonstrate compliance with each ordinance standard at a public hearing before the Board.

The Board discussed the pace of the review process and the role of the Planning Commission. Chair Betz expressed concern that authorization to advertise might be premature before the Planning Commission completed its review. Vice Chair Steere stated that she strongly supported Planning Commission review but did not want the Township to remain unnecessarily exposed while the ordinance was being refined.

Supervisor DeLello stated that authorization would preserve flexibility and save time without committing the Board to adoption or to a hearing in August.

Ms. McKenna stated that the working draft would be reviewed by the Worcester Township Planning Commission, Montgomery County Planning Commission, and Township staff before advertisement. She explained that the advertised version, rather than the current working draft, would be the version presented at a future public hearing.

Bob Andorn commented that he was speaking individually and not on behalf of the Planning Commission. Mr. Andorn asked whether the authorization applied to the current draft and stated that the Planning Commission should receive adequate time to review significant revisions. He cautioned that the Township should pursue a well-developed ordinance rather than assume that any ordinance would necessarily be preferable to no ordinance. He also asked whether a municipal curative amendment could provide protection if an application were filed.

Mr. DeMeno stated that a municipal curative amendment can be useful when a zoning deficiency is identified before an application is filed, but it may be too late if an applicant files first. He cited the importance of putting a basic framework in place while maintaining the ability to amend it later. Ms. McKenna recommended that the motion expressly condition advertisement on comments from the Township Planning Commission, Montgomery County Planning Commission, and staff review.

A motion was made by Rick DeLello, seconded by Christine Steere, to authorize advertisement of Ordinance 2026-305, the Data Center Ordinance, subject to comments from the Worcester Township Planning Commission, Montgomery County Planning Commission, and review by Township staff. No additional public comment was offered. The motion carried unanimously, 3-0.

Resolution 2026-09 - Preliminary/Final Land Development Approval for Myers Legacy Museum

Michael Gill of Hamburg, Rubin, Mullin, Maxwell & Lupin appeared on behalf of Ross Myers and introduced Steve Shanahan and Alex Barlow of Howell Engineering. Mr. Gill stated that the applicant proposed an approximately 12,000-square-foot private museum at 1805 Berks Road, at the rear of the existing Myers office campus. The museum would house historic construction equipment and would be available for scheduled educational group visits. The building would replace an existing outdoor storage area and reduce impervious coverage.

Mr. Gill stated that the Planning Commission had recommended approval and that the applicant had previously obtained necessary zoning relief. He confirmed that all remaining professional review comments were “will comply” items and that the applicant accepted the conditions in the draft resolution.

Supervisor DeLello asked about a required amendment to an existing conservation easement with Natural Lands. Mr. Gill explained that portions of the property were subject to the easement and that the easement would have to be amended to allow the proposed construction area. He stated that the amendment was a condition of approval and would be completed before the applicant requested execution and recording of the land development plans.

The applicant requested six waivers included in the draft resolution. Mr. Evarts stated that the waivers had generally been granted for prior improvements on the already-developed campus and were being carried

forward for the current project. He stated that he was comfortable with approval subject to compliance with the professional review letters and completion of the conservation easement amendment.

Supervisor DeLello thanked the applicant for proceeding through the full land development review process after the Board declined an earlier request for a waiver of land development.

A motion was made by Rick DeLello, seconded by Christine Steere, to approve Resolution 2026-09 granting Preliminary/Final Land Development Approval for the Myers Legacy Museum, subject to the conditions and waivers contained in the resolution. No public comment was offered. The motion carried unanimously, 3-0.

Resolution 2026-10 - Final Land Development Approval for Trooper Ridge Townhomes

The Board considered final land development approval for Trooper Ridge Townhomes. Rob Gundlach appeared for the applicant. Supervisor DeLello asked how the Board could grant final approval while the sewage planning module remained under DEP review. Ms. McKenna stated that the resolution expressly conditioned approval on receipt of all required outside agency permits and approvals, including DEP approval, and that the plans could not proceed to recording until those conditions were satisfied.

Supervisor DeLello asked whether the applicant intended to construct the development in phases. Mr. Gundlach stated that the applicant intended to construct the project as one development rather than in separate phases.

The Board discussed the responsibilities that would be assigned to the homeowners association, including private roads, internal sanitary sewer facilities, grinder pumps, force mains, stormwater facilities, and other common improvements. Supervisor DeLello emphasized the importance of clearly transferring information to future homeowners and association boards so that residents understand long-term inspection, maintenance, repair, and replacement obligations. Mr. Gundlach stated that the association documents, disclosure materials, management structure, and periodic maintenance requirements would identify those responsibilities.

Chair Betz asked where Township ownership and responsibility would begin for the sanitary sewer system. Mr. Evarts confirmed that the homeowners association would be responsible for the grinder pumps, force mains, and other sewer facilities within the development. The Township would be responsible for the public sewer facilities after the connection leaves the property and enters the public system, including the line toward the Heritage Village pump station and treatment plant.

The applicant requested waivers concerning sidewalks and partial roadway widening. Mr. Gundlach stated that sidewalks would be installed throughout the development except in front of an adjoining property where topography and other conditions affected the connection. He also stated that the roadway widening would be completed to the extent shown on the plans. The Board noted that the Township Traffic Engineer supported the partial widening waiver because the proposed condition was consistent with the existing Trooper Road configuration in that area.

Mr. Evarts stated that the remaining issue for Board discussion concerned recreation amenities. Mr. Gundlach described the project as age-targeted, though not legally age-restricted, and stated that the expected residents would generally prefer private yards rather than extensive common recreation amenities. The Board discussed the adequacy of parking and the possibility of overflow parking during

gatherings. Chair Betz noted that the plan met the current ordinance but expressed concern that parking could be tight in practice. Mr. Evarts confirmed that the proposed parking complied with the Township ordinance.

A motion was made by Rick DeLello, seconded by Christine Steere, to approve Resolution 2026-10 granting Final Land Development Approval for Trooper Ridge Townhomes, subject to the conditions and waivers contained in the resolution. No public comment was offered. The motion carried unanimously, 3-0.

OTHER BUSINESS

Zoning Ordinance and SALDO Rewrite

Vice Chair Steere asked for an update on the Township's proposed Zoning Ordinance and Subdivision and Land Development Ordinance rewrite. She noted that funding had been included in the budget and that the year had reached July without a consultant selection.

Mr. DeMeno stated that the Board had previously reviewed three proposals and provided feedback, including the need for a strong steering committee component. The firms had revised their proposals or confirmed that the requested component was already included. He stated that one proposal was from Pennoni and two were from smaller firms. Based on capacity and available resources, he recommended either proceeding with Pennoni or issuing a more targeted request for proposals to larger firms.

Vice Chair Steere stated that the Board should establish a clear path forward. Mr. DeMeno stated that he could provide the updated Pennoni proposal well in advance of the August meeting and that the Board could consider action in August if it wished. Supervisor DeLello stated that he supported moving promptly and was comfortable with Pennoni's resources, while recognizing the general concern that can arise when comparing a larger firm to smaller firms. He stated that the Township needed a sustained process extending beyond the initial meeting.

The Board discussed prioritizing urgent ordinance topics, including data centers and other matters already pending before the Planning Commission, within the larger rewrite. Mr. DeMeno confirmed that the consulting firms were willing to prioritize critical topics before proceeding through the full ordinance update. Chair Betz recommended that the Board hold a discussion before formal action. Mr. DeMeno stated that he would circulate the revised proposal and place the matter on a future agenda if the Board wished to proceed.

Summer Concert Series and Park Improvements

Vice Chair Steere thanked Mr. DeMeno and Township staff for organizing the Township's first summer concert in many years. She stated that the event had an excellent turnout, favorable weather, food vendors, participation by the Worcester Volunteer Fire Department, and a well-received band. She encouraged residents to attend the next concert scheduled for August 5, 2026.

Mr. DeMeno thanked staff, volunteers, and the Fire Department and stated that he had received positive feedback. The Board discussed continuing and expanding the concert series. Chair Betz encouraged the Township to include design funding in the next budget for a permanent pavilion or bandshell at Heebner Park. Mr. DeMeno stated that draft design funding would be included for Board consideration.

PUBLIC COMMENT

Wini Hayes commented on the summer concert series and asked whether community organizations, including the Worcester Historical Society and Friends of Worcester, could participate in future events. She suggested that organizations could host informational tables or offer Township-related materials without competing with food vendors.

Supervisor DeLello stated that the first year of the concert series was intended in part to measure the natural level of public interest and that the strong turnout was encouraging. He expressed some hesitation about adding too many elements immediately but stated that community participation could be incorporated as the series develops. Mr. DeMeno stated that a nonprofit or civic organization area could be considered, subject to Board direction.

Ms. Hayes recommended more visible advertising, including a large sign at Heebner Park, because some residents had not heard about the concerts. Mr. DeMeno stated that the Township was developing event signage and a more consistent communications plan. Chair Betz discussed a proposed programmable digital sign at the firehouse that could advertise Township and Fire Department events. Mr. DeMeno stated that plans were being developed and that electrical information remained outstanding. Vice Chair Steere and Supervisor DeLello supported broader communication through physical signage, the website, social media, email, and other channels. Mr. DeMeno also introduced Aidan Ryan as a new Township staff member and stated that staff was working on a more consistent social media and public outreach plan.

Ms. Hayes requested an update on the Zacharias Creek Trail project. Mr. Evarts stated that design was approximately 85 percent complete and that construction could potentially begin in spring 2027 if outstanding coordination proceeded as expected. He explained that the project required coordination among Montgomery County, PennDOT, DEP, the Montgomery County Conservation District, DCNR, PECO, Evansburg State Park, and the participating municipalities.

Mr. Evarts stated that the original trail alignment had been planned within a PECO easement based on earlier discussions, but PECO subsequently changed its requirements and would permit only perpendicular crossings of its right-of-way. The trail therefore had to be redesigned outside the PECO right-of-way, resulting in additional design work and agreements with Evansburg State Park and other entities. He stated that infiltration testing had been completed and that stormwater permitting remained necessary because the project would disturb more than one acre. Ms. Hayes asked whether legislative assistance had been sought regarding PECO's change in position. Mr. Evarts stated that it had not been sought to date.

No additional public comment was offered.

ADJOURNMENT

A motion was made by Rick DeLello to adjourn. The meeting was adjourned.

Respectfully submitted,

Dan DeMeno
Worcester Township

VMSC Critical Response Triad

VMSC emphasizes its review of the Critical Response Triad—cardiac, trauma, and stroke-related calls—because timely intervention in these cases can significantly improve patient outcomes and survival rates.

Cardiac Incidents

0 0 5

Stroke Incidents

0 0 5

Trauma Incidents

0 0 5

Where are our calls?

VMSC's July Global Scale

Mental Health | Responded to **90** behavioral health-related calls.

Community Harm | **41** overdoses (same); **15** Narcan administrations; **31** deliberate injury incidents (down from 50)

Climate | Dispatched to **7** weather related motor vehicle crashes.

Diversity | **85** patients had language barriers. **35** patients were morbidly obese. **37** were in a state of emotional distress. And **26** were developmentally impaired.

July 2026 Patient Satisfaction Rating

Amazing, caring, polite. They explained all the procedures. 1000% will recommend them. Great company.

Mutual Aid

VMSC provided mutual aid for 129 calls this period.

NPV Division (59): Freedom Valley - 17, Cheltenham - 15, Chal-Brit EMS - 10, Ambler - 8, Plymouth EMS - 3, Grandview Medical - 2, Others - 4.

Delaware County (70): Brookhaven - 18, Eddystone - 11, Ridley - 6, Ridley Park - 5, Essington - 4, Prospect Park - 3, Woodlyn - 3, Others - 20.

VMSC EMS is rolling out two new advanced life support ambulances (with two more coming) — built on 4WD Ford F-350 chassis and equipped with Ferno's powered stretcher and stair chair systems. The upgrades boost patient care and all-weather response while protecting crews from the lifting injuries common in EMS work.

NORTH PENN WATER AUTHORITY
MINUTES OF THE BOARD OF DIRECTORS' MEETING
June 23, 2026

George E. Witmayer, Chair, called the meeting to order at 7:07 p.m. The following Board members attended the meeting: Amy Cummings-Leight, Arthur C. Bustard, William K. Dingman, Kenneth V. Farrall, Jeffrey H. Simcox., Richard C. Mast and Franco D'Angelo. Michael R. Filiatrault and Robert C. McCarney were absent. Also present were Keith L. Hass, P.E., Executive Director, Ami Tarburton, Director of Finance and Human Resources, Daniel P. Pearce, Director of Information Technology, Daniel C. Preston, P.E., Director of Asset Management and Strategic Initiatives, Jonathan C. Hartzell, Director of Operations and Field Services, and Paul G. Mullin, Esquire, Hamburg, Rubin, Mullin, Maxwell & Lupin, Solicitor.

The following items, by agenda number, were discussed:

1. **MINUTES** – Upon the motion of Mr. Farrall, seconded by Mr. Bustard, the Board approved unanimously the Minutes of the May 26, 2026, Board of Directors meeting as presented.

2. **BIDS:**

- 2.1. Award Bids

- 2.1.1. Contract 808 – Forest Avenue Water Main Replacement, Hatfield Township

Mr. Preston reviewed the bid tabulation for the bids opened June 17, 2026. The recommendation is to award to the lowest responsible Bidder, KBC Construction, Inc., the Bid amount of \$328,962.00.

Upon the motion of Mr. Farrall, seconded by Mr. Dingman, and after discussion, the Board voted unanimously to award the Bid, dated 6/17/26 and authorized the execution of the Agreement, pending Solicitor review and approval of all documents.

3. **PUBLIC COMMENTS** – There were no members of the public in attendance at the meeting.

4. **FINANCIALS:**

- 4.1. The **Statement of Income and Expense** for the period ending May 31, 2026, was highlighted by Ms. Tarburton and discussed. Ms. Tarburton noted that Metered Sales were up 4.7%, compared to 2025. Total Revenues are up 2.7%, compared to 2025. Operating expenses were 41% of the budget, with 41% of time being elapsed. Debt Service Coverage is at 1.96, which is above the 1.10 required by the Trust Indenture. Total Debt Service Coverage is at 2.90. Income after debt service is at \$3.4 million. The Statement of Net Position is up 7.8%, year to year. Capital expenditures are trending upward at 23% of budget and metered sales charts are at or exceeding the 3-year average, with the exception of BCSWA sales which is under the average due to

the timing of meter readings. Following discussion, upon the motion of Mr. Bustard, seconded by Ms. Cummings-Leight, the Board voted unanimously to accept the financial reports and file for future audit.

4.2. The Human Resources and Payroll report was also reviewed and highlighted by Ms. Tarburton and discussed.

4.3. Check Registers for the period May 20, 2026, to June 16, 2026, were distributed and discussed. Upon the motion of Mr. Farrall, seconded by Mr. Dingman, the Board ratified unanimously the payments listed.

5. **OPERATIONS, METER/CUSTOMER SERVICE, STATISTICS AND PUBLIC RELATIONS REPORT:**

5.1. The Operations Report for the month of May 2026 was presented, highlighted by Mr. Hartzell, and discussed.

5.2. Mr. Hartzell reviewed the operating statistics indicating average daily send out is up slightly year to year. Reservoir levels are looking good heading into our high demand periods with storage at median levels.

6. **ENGINEERING, WATER QUALITY AND COMMUNITY PARTNERSHIPS REPORT** – The Report for the month of May 2026 was presented, highlighted by Mr. Preston, and discussed.

7. **INFORMATION TECHNOLOGY REPORT** – The Report for the month of May 2026 was presented, highlighted by Mr. Pearce, and discussed.

8. **FOREST PARK WATER** – Mr. Dingman, Chair of the Forest Park Water Operating Committee, reported that the committee had not met. Mr. Hass reviewed the Forest Park expansion project schedule and cost summary included with the Board Packet. Mr. Hass noted that at this time there are no changes to the schedule and everything is proceeding expeditiously. He indicated that we would be discussing PENNVEST funding options with North Wales Water Authority. Mr. Hass pointed out that on May 26, we had our first heat wave, and Forest Park pumped 16.5 MGD, reaffirming the need to proceed with the treatment plant expansion. There was nothing else to report other than what was included in the Board Packet.

9. **MAIN EXTENSIONS:**

9.1 M.E. 1567 – Rosenthal Tract,

Hallmark Homes
Hilltown II, LLC
321 Swartley Road, Hilltown Township

9.1.1. Upon the motion of Mr. Dingman, seconded by Mr. Farrall, the Board voted unanimously to grant Tentative Approval for 85 EDUs.

10. **ITEMS FOR DISCUSSION:**

- 10.1. JBS USA Closing Announcement – Mr. Hass reviewed the recent announcement by JBS to cease all operations at the Allentown Road plant by mid-August of this year. As the largest single customer in our system this will have significant impacts on our business, both from a financial and operations perspective.

Ms. Tarburton reviewed the financial data that shows a net decrease in income of \$1.64 million annually. If we were to recover this lost revenue immediately, it would require an 8% rate increase resulting in our consumption rate increasing to \$6.38/1,000 gallons from \$5.90/1,000 gallons. The average residential customer would see their annual bill increase from \$415 to \$444. To determine the best course of action, we are discussing with Raftelis to have them conduct a rate study to fully review all aspects of our rates including fixed charges, rate structure, and cost of service. We would also have the Consultant review and evaluate our municipal rate structure of \$2.50/1,000 gallons. Mr. Dingman asked if we could also have them review our tapping fee schedule, and Ms. Tarburton indicated we could add that as an addendum potentially. Ms. Tarburton mentioned that the financial projections for the Forest Park expansion project will be impacted by the loss of JBS revenue. We have consulted with our new Bond Counsel and believe that PENNVEST funding is very much a possibility which could help improve our financial picture by lowering debt service projections.

Mr. Preston reviewed briefly the potential operational impacts. The loss of a large customer in the central part of our system will involve evaluating potential impacts as it relates to the Comprehensive Master Plan. Newly revised maximum day projections indicate that the loss of this demand on our system buys more time to complete the expansion prior to exceeding plant capacity at Forest Park. This has a positive impact. The decreased consumptive water demand decreases near-term capacity load concerns as it relates to Forest Park plant capacity while also impacting our interim use of well supply by reducing the need for groundwater use. Our current CIP has \$5.8 million related to PFAS treatment for select wells that we may not need now. Other follow up items are to evaluate water quality and hydraulics from the standpoint of how this potentially impacts future expenditures in distribution improvements related to transmission main and water storage. There will be more to discuss at the next Engineering Committee meeting in September as this analysis is ongoing.

11. **COMMITTEE REPORTS:**

- 11.1. Engineering Committee -- Mr. Farrall, Chair of the Engineering Committee, reported that the committee met immediately prior to tonight's Board meeting. The following items were discussed:

11.1.1. Well Operations Status and PFAS Well Treatment Analysis -- An update was provided on the Interim Operations Plan that was put in place this year while the new expansion is being built. Three wells have been turned on this month and are operating 5 hours per day to assist with meeting peak demands if needed. The

interim plan included the possibility of future PFAS treatment on select wells. We discussed the impacts on the interim operations plan and our well usage, as it related to the pending JBS closure and the reduced potential need for further well usage or for PFAS treatment going forward.

11.1.2. We have now created a new Skippack pressure zone which allows us to utilize another 0.5 million gallons of additional storage which will also be beneficial in peak water demand periods. Over 3,700 customers, about 10% of our customers, are in the new zone.

11.1.3. The West Rockhill tank project was discussed. We have completed an analysis of twelve sites and have found ten that are viable. We would like to pursue multiple sites to gauge interest with the goal of securing a site that meets all our needs for a reasonable price. We will discuss the details of the real estate analysis and recommendations as an Executive Session item.

11.1.4 Mr. Preston provided a brief update on the status of discussions with DTMA and Doylestown Borough regarding enhancing our partnerships and updating our bulk purchase agreement with DTMA.

11.1.5. The last item on the agenda was a Comprehensive Master Plan item related to the possible redevelopment of the Lawn Avenue Tank site in Souderton Borough. Engineering conducted an analysis of demolishing the existing tank and replacing it with a new elevated storage tank serving the Souderton high pressure zone. Due to the height needed for the new tank and the smaller size of the lot, the tank could be a maximum of 1.0 MG and 228 feet high. Further evaluation is needed and will be discussed at the next Engineering Committee meeting.

11.2. Executive Committee – Mr. Simcox, Chair of the Executive Committee, reported that the committee had not met.

11.3. Finance Committee – Ms. Cummings-Leight, Chair of the Finance Committee, reported that the committee has not met since the last Board meeting. The minutes of the last committee meeting were presented for Board approval. Upon the motion of Mr. Farrall, seconded by Mr. Dingman, the Board voted unanimously to approve the minutes of the April 28, 2026, Finance Committee meeting.

12. **CORRESPONDENCE** - Various items of correspondence and newspaper articles contained in the Authority meeting booklet were reviewed. There was nothing further to note.

13. **COMING EVENTS:**

Forest Park Operating Committee Meeting
Tuesday, August 18, 2026
North Penn Water Authority
300 Forty Foot Road, Lansdale, PA
6:00 pm

NPWA/NWWA Joint Board Meeting
Thursday, September 3, 2026
North Penn Water Authority
300 Forty Foot Road, Lansdale, PA
7:00 pm

PMAA 84th Annual Conference and Trade Show
September 13-16, 2026
Erie Bayfront Convention Center
1 Sassafras Pier
Erie, PA 16507

Forest Park Customer Appreciation Day Golf Outing
Monday, September 28, 2026
The Bucks Club
2600 York Road, Jamison, PA
1:00 pm

Public Voting – General Elections
Tuesday, November 3, 2026
North Penn Water Authority
300 Forty Foot Road, Lansdale, PA

14. **OLD BUSINESS** – There was no Old Business.
15. **NEW BUSINESS** – There was no New Business.
16. **EXECUTIVE SESSION** – The Board adjourned at 8:15 pm for Executive Session to discuss real estate matters and reconvened at 8:37 pm.

There being no further business, upon the motion of Mr. Simcox, seconded by Mr. Farrall, the Board voted unanimously to adjourn at 8:37 pm.

Respectfully submitted,

Kenneth V. Farrall
Secretary

Public Works Department Report

July 2026

1) Road Maintenance

- A. Cleared inlets and drains throughout the Township**
- B. Filled potholes throughout the Township**
- C. Adding stone to roadway edge erosion areas**
- D. Intersection visibility pruning**
- E. General ROW cleanup and mowing**
- F. Guiderail and control box trimming**
- G. Green Hill wooden bridge repairs**

2) Storm Maintenance

- A. No maintenance required due to storm events in July**
- B. Cleared basin outfall structures**

3) Parks

- A. Twice weekly cleaning of restrooms, emptying trash receptacles, and stocking dog bags**
- B. Removal of dead trees on Township properties/parks**
- C. Mowing Township properties**
- D. Weed control on Township properties**
- E. Baseball/softball infield maintenance**
- F. Field mowing of open space properties**

4) Vehicle Maintenance

- A. Performed weekly maintenance of all Township vehicles**
- B. 64-46 Inspection**
- C. 64-59 Hydraulic hose repair**
- D. 64-71 Rear access door repair**

5) Miscellaneous

- A. Setting up and cleaning of Community Hall for rentals and Township events**
- B. Nike Compost facility open to residents twice weekly**

**WORCESTER TOWNSHIP
MONTGOMERY COUNTY**

ORDINANCE NO. 304

**AN ORDINANCE OF THE TOWNSHIP OF WORCESTER, MONTGOMERY
COUNTY, PENNSYLVANIA, AMENDING CHAPTER 129 – STORMWATER
MANAGEMENT TO COMPLY WITH THE TOWNSHIP’S NPDES PERMIT FOR
STORMWATER DISCHARGES FROM THE MUNICIPAL SEPARATE STORM
SEWER SYSTEM (MS4).**

WHEREAS, the Township of Worcester is a Second Class Township organized and operating in accordance with the laws of the Commonwealth of Pennsylvania; and

WHEREAS, the Board of Supervisors of Worcester Township (the “Board”) adopted Chapter 129 of the Township of Worcester Code, entitled “Stormwater Management,” to establish certain requirements, guidelines, and criteria governing stormwater management within the Township; and

WHEREAS, the Board now desires to amend Chapter 129 - Stormwater Management, to comply with the requirements of the Township’s NPDES Permit for Stormwater Discharges from the Municipal Separate Storm Sewer System (MS4).

WHEREAS, the Board, after due consideration of the proposed ordinance at a duly advertised public meeting, has determined that the health, safety and general welfare of the citizens and residents of the Township will be served by the adoption of this ordinance.

NOW, THEREFORE, be it, and it is hereby **ORDAINED** by the Board of Supervisors of Worcester Township, Montgomery County, Pennsylvania, and it is hereby **ENACTED** and **ORDAINED** by authority of same as follows:

SECTION I. Chapter 129, Stormwater Management, Article I, Section 129-9: Modification is amended to replace the existing text with the following:

§ 129-9. Modification.

The Worcester Township Board of Supervisors may grant a modification of the requirements of one or more provisions of this chapter if the literal enforcement will exact undue hardship because of peculiar conditions pertaining to the land in question, provided that such modification will not be contrary to the public interest and that the purpose and intent of this chapter is observed.

- A. Modification may be considered if an alternative standard or approach will provide equal or better achievement of the purpose of the Ordinance. A request for modifications shall be in writing and accompany the Stormwater Management Site Plan submission. The request shall provide the facts on which the request is based, the

provision(s) of the Ordinance involved and the proposed modification. Cost or financial burden shall not be considered a hardship.

- B. No waiver or modification of any regulated stormwater activity involving earth disturbance greater than or equal to one acre may be granted by the Municipality unless that action is approved in advance by the Department of Environmental Protection (DEP) or the delegated county conservation district.

SECTION II. Chapter 129, Stormwater Management, Article VIII, Prohibitions, Section 129-44.C is amended to replace the existing text with the following:

- C. Discharges which may be allowed under the Township's NPDES permit based on a finding by the Township that the discharge(s) do not significantly contribute to pollution to surface waters of the commonwealth by the Township are:
1. Discharges or flows from firefighting activities.
 2. Discharges from potable water sources including water line flushing and fire hydrant flushing, if such discharges do not contain detectable concentrations of Total Residual Chlorine (TRC).
 3. Non-contaminated pumped ground water and water from foundation and footing drains and crawl space pumps.
 4. Non-contaminated irrigation water, water from lawn maintenance, landscape drainage and flows from riparian habitats and wetlands.
 5. Non-contaminated HVAC condensation and water from geothermal systems.
 6. Residential (i.e., not commercial) vehicle wash water where cleaning agents are not utilized.
 7. Springs.
 8. Diverted stream flows.
 9. Non-contaminated hydrostatic test water discharges, if such discharges do not contain detectable concentrations of TRC.

SECTION III. The remainder of Chapter 129, Stormwater Management, is hereby ratified and shall remain unchanged and in full force and effect.

SECTION IV. All ordinances or parts thereof inconsistent with the provisions of this Ordinance are hereby repealed to the extent of the inconsistency.

SECTION V. The provisions of this Ordinance are declared to be severable. If any provision of this Ordinance is declared by a court of competent jurisdiction to be invalid or

unconstitutional, such determination shall have no effect on the remaining provisions of this Ordinance or on the provisions of the Worcester Township Code.

SECTION VI. This Ordinance shall be effective five (5) days following its legal enactment.

ENACTED and **ORDAINED** this 19th day of August, 2026.

ATTEST:
